KAUSKY'S VIEWS ON ENTENTE TRIAL OF WILLIAM

Berlin, Feb. 3.—Karl Kausky, who investigated the causes leading to the war, writes to the Berlin Volks Zeitung.

"The passing of sentence on Wilhelm (the former Emperor) before an enemy court would not alleviate the danger of a counter revolution, but would add to it. Wilhelm would be made a martyr in the eyes of the German public to whom he would appear as a man sentenced, not for this crime or that, but for being a German. His popularity would suddenly soar upwards tremendously, and he might become a dangerous pretender in opposition to the German republic."

Her Kausky is of the opinion that the Entente powers should not go beyond coercing Holland into appointing a residence for the former Emperor on some island where conspiracies with his German friends would be very difficult.

"FLU" CLOSES PRISON DOORS

New York, Feb. 3.—Danger that many influenza and pneumonia patients in the city would suffer from lack of heat has been removed. Tonight the stationary engineers and firemen working in hotels, apartment houses and public institutions called off their strike, which drew to a close yesterday.

A curious phase of the epidemic is the order issued today at Sing Sing prison refusing to admit any more prisoners until the flu plague is over. There are now fifty eight cases at Sing Sing, including five condemned murderers.

The Pennsylvania Health Department reports tonight 2,673 new cases of influenza and twenty-six of pneumonia with twenty-six deaths in ten counties, including Philadelphia. The latter city will vote \$100,000 to fight the epidemic.

Rhode Island reports a rapid spread of the malady today, with the total of yesterday's cases doubled.

Fear For Safety of Steam Packet Ivenagh

Dundalk, Ireland, Feb. 3.—The steam packet Ivenagh which left Liverpool for Dundalk Monday night with passengers and cargo, has not arrived, causing great uneasiness. Crowds have gathered outside the gates at the head of the wharf awaiting news of the vessel.

London, Feb. 3.—(Canadian Press)—Admiral Viscount Jellicoe says that he has returned to England greatly impressed with the loyalty of the Dominions where he found a very keen perception of the importance of sea powers. The dominions fully realized that if they maintained their own naval forces they would require to act in close co-operation with the imperial navy should circumstances call for war operations.

Canadian Team At Belgian Olympiad

Wheels Have Been Set in Motion to Finance Sending a Hockey Team to Participate in Games.

Toronto, Feb. 3.—Some progress is being made in the direction of having Canada represented at the Belgian Olympiad in ice hockey, Canada's national game. The O. H. A. executive committee took the matter up with Chairman James G. Merrick and Secretary N. W. Crow, and with Mr. William Northy, of Montreal, representing the Allan Cup trustees, and as a result the wheels have been set in motion to finance a team to Belgium. Chairman Merrick is strongly in favor of the project. He says:

"As Canada occupies such a very strong position in connection with hockey it is a matter of national necessity both from a competitive and an enlivening standpoint that our country should be represented."

"The logical suggestion for a Canadian team would be the winner of the Allan Cup contest, emblematic of the amateur championship in Canada."

"As the question of finance is a most important one, I would suggest that the safe receipts of the Allan Cup competitions this year which are usually reserved for distribution to the various charitable institutions, should be reserved by the trustees for a fund to be created to finance this Olympic enterprise."

Mixed Talent At Police Station

Nine Gathered in Last Night, Three Being on Serious Charges for Law Infractions.

The arrests at the central police station last night presented what might be called a study in light and shade, as the white man and negro seemed to vie with each other in having their names inscribed on the police register. The arrests made totalled nine. Two were for drunkenness.

James Smith and Lionel L. Cox, two negroes from the West Indies, were given in charge by Captain Spragg, of the S. S. Canadian Gunner, on the charge of being stowaways.

William Cohen was arrested on a warrant for assault.

Albert Sullivan (colored) and Alma Edlison were arrested on a warrant for adultery.

Stanley Briscoe was arrested on a warrant, charged with bastardy.

William McLeod was arrested by Inspectors McAnish and Kerr on the charge of having liquor in his possession other than in his private dwelling.

Two were in for protection and one was detained as a witness.

Repealing The Offensive Rules

Board of Review of National Trotting Association Ended Contest Between Racing and Breeding Association Which Threatened Split.

New York, Feb. 2.—By repealing the offensive rules which caused dissension in the light harness racing world last month the Board of Review of the National Trotting Association, meeting Saturday at Canton, Ohio, ended the contest between the racing and the breeding association which threatened to split the sport wide open.

The new "backchecking" rule which permitted horses which had not maintained their record for two years to go into a lower speed class, which caused most of the trouble, was rescinded, another rule which gave a time allowance of one second a year with a minimum of three years, to a horse, which does not lower its record in a season, was amended to five two seconds each year.

One object of the latter change is to restore active service on the tracks many horses which have not equalled or bettered their records for several years this increasing the supply of racing material for hundreds of miles and half a mile tracks.

Writs Were Served On Ban Johnson

Three Suits for Half a Million Dollars Sprung on American League President Yesterday by New York American League Club.

New York, Feb. 3.—Ban Johnson, president of the American League was placed under fire today, legally speaking, with a vengeance. Three suits, one for half a million dollars damages, were sprung on Ban by the New York American League Club. Writs were served today.

The half million damages is asked on the ground that Johnson tried to drive the Yankees out of baseball. In this connection are mentioned the suspension of Mays, the facts that the Giants were induced to refuse the Yankees the use of the Polo grounds and other matters.

A second action seeks to restrain Johnson from paying himself any salary as president of the league and to recover any sums he may have received from the league since the annual meeting December 10. The salary is \$50,000 a year.

The third suit is against Ban and his five loyal club owners, Connie Mack, Philadelphia; Clark Griffiths, Washington; Frank Navin, Detroit; Phil Ball, St. Louis and James Dunn, Cleveland.

The court is asked to restrain these from "doing any further acts in aid of what is said to be the plan of Johnson to drive the New York club out of baseball."
