

LAMPLOUGH'S PYRETIC SALINE

POSITIVELY CURES FEVERS,
AND ALL AFFECTIONS OF THE BLOOD AND SKIN.

Effervescing and agreeable. its Constant use is especially Calculated to
Maintain Health and Vigor,

BILIOUS OR SICK HEADACHES RELIEVED IN A FEW MINUTES.

Her Majesty's representative, the Governor of Sierra Leone, in a letter of request for an additional supply, states, "It is of great value; it should be in the hands of all Europeans visiting the tropics."

His Excellency the Governor of the Leeward West India Islands, after more than seventeen years residence in tropical climates, states, "I have proved it an excellent remedy in Rheumatic Fever, also in other Febrile affections; I keep it on my side-board with the hopes that it will attract the attention of visitors, trusting they may profit, as I have done, by it; I attribute the excellent state of my health to its constant use.

It is an agreeable effervescing remedy, of great efficacy in all kinds of Fever, Eruptive, and Blood diseases, especially those occurring during hot weather. DR. GIBBON, Staff-Surgeon in the Crimean war, states that European residents in hot countries find that the use of this refreshing beverage prevents exhausting perspiration and its alternative, deadly fever. It acts by purifying and lowering the temperature of the blood, hence its great importance to all persons seeking to reside with safety and comfort in tropical countries, subject to unusual heat

LIEUTENANT-COLONEL MURRAY, 1st West India Regiment, Sierra Leone.—"I have enjoyed uninterrupted health since I have taken your Pyretic-Saline."

In a letter from Sierra Leone, dated 21st of May, 1863, is the following: "We have had an English gentleman with us taken with African Fever; I gave him your Pyretic Saline, and he has perfectly recovered."

DR. SPARKS, the Government Medical Inspector, port of London, bears cordial testimony to its efficacy in chronic forms of Gastric complaints and Febrile dyspepsia.

WILLIAM STEVENS, Esq., M.D., D.C.L., states in his work on West India fevers, that wherever the saline treatment is adopted the fatal yellow fevers are deprived of their terrors.

In a letter, requesting a further supply, that can be seen and read together with a number of others of the same tenor, is the following: "After seventeen years of great suffering and enormous cost, I am happy to say your Saline has restored me."

Another from a reporter for the press states, "I cannot value too highly the benefits derived, even in this short time (ten days), I not only am gaining flesh, but my health is altogether better than ever."

A letter from a medical gentleman, M.D. of the London College, says, "After using it in my family and practice in Scarlet Fever, I consider it a specific—no other remedy is required."

More than a hundred others could be given if needful, but the better way is to prove it by purchasing it at the following special depôts, or of the proprietor,

H. LAMPLOUGH,
113, HOLBORN HILL, LONDON,
THE SOLE MANUFACTURER.
