### H. C. Phipps Addresses Free Trade Meeting

The following item is taken from the Gloucestershire Echo,

England of Jan 5th. and is a part of an account of a Free Trade meeting held in Cheltenham.

"After Messrs. Jefferson and Vowels had spoken Mr. Harry Phipps a Cheltonian who has been farming in Western Canada and is spending a holiday in the Garden Town, stepped on to the wagon, and from his own knowledge and experience showed how from behind tariff walls rich manufacturers and trust-mongers are able to fleece the workers and consumers of the country. The people of Canada, he said, were reducing their tariffs, which, as the population grew, became less necessary for purposes of revenue. In the United States, however, though the people had voted for a re-

vision of the tariffs in the direction of reduction, the market-riggers and millionaire heads of trusts had the legislature so much under their thumbs, that instead of the tariffs being lowered they had been heightened

### Ross Coal Mine

The coal mine on the Ross ranch is open and has 80 to 100 tons of fine coal out. Samples show fine domestic coal for fuel purposes. Mr. Ross has placed the price at \$4.00 per ton for lump and \$3.00 per ton for mine run—no slack. This will prove quite a boom to the people of Aetna and Kimball as it saves considerable in price.

Now would be a good time to get some modern business stationery. Ring up No. 4.
