LIVELY DEBATE IN MODEL UN Founders' Day

Fast moving discussion was the predominant feature of Saturday's proceedings at the Legislative Assembly chambers as UNB's Model United Nations held its annual session. The Assembly was under the capable direction of Prof. G. LaForest, professor of International Law who was called upon many times throughout the day to make decisions regarding procedure and to subdue boisterous Cuban delegation. He was assisted by Secretary General Bob Thompson, president of the International Affairs Club which sponsored the event.

Cuba successfully pushed for first consideration of its resolution to admit Red China to the resolution failed by one vote to get the required two-thirds majority.

A second resolution sponsored by India calling for the evacuation of Portuguese armies from Angola and the holding of a referendum was withdrawn from consideration after a slashing attack by the USSR and Cuba. SLAVE TRADE PROSPEROUS

The coffers of WISC have risen annual Lord Beaverbrook Day considerably as a result of the

liament elections last week. The allocation of seats stands at 18 for both Liberals and Progressive Conservatives and 16 for the Christian Atheists. With this unstable division, the most important question is whether or not the Liberal government will be able to stay in power. The P.C.'s have formed a "shadow cabinet" in order to be prepared to take over the government, should the Liberals suffer defeat.

Friday night will be taken up with the Throne Speech debate, and it is expected that the session will end early in time for the hockey game. In the speech, the three bills to be presented by the Lordship. resplective parties on Saturday will be announced.

Sessions resume Saturday morning at 9.00 am and continue until 12.00. Afternoon proceedings will begin again at 1.30 pm.
