Mr. F. A. Anderson,
Social Service Director,
Minneapolis Street Railway Company,
Minneapolis, Minn.

Dear Mr. Anderson:

I thank you cordially for your letter of April
19th.

It is gratifying to me to know that my book
appeals to you as being fair in tone and likely to be of
service to the parties to industry.

I was hoping I might see you when in Chicago
some weeks ago. I wrote before leaving Ottawa, but did
not receive any communication from you in reply. I hope
my letter did not miscarry. At some time in the future
I hope there may be an opportunity of making your
acquaintance.

I am leaving next week for England, for a two
months' study of industrial conditions in the British Isles.

With kind regards,
Believe me,
Yours sincerely,
