ALL MESSAGES TAKEN BY THIS COMPANY ARE SUBJECT TO THE FOLLOWING TERMS :—

To guard against mistakes or delays the sender of a Cable message should order it "REPEATED," that is, telegraphed back to the originating office for comparison. For this, one-half of the ordinary cable message rate is charged in addition, except in the case of Code (CDE) messages where the additional charge is one-half the special rate applicable to that class of message. Unless otherwise indicated on its face, this is an unrepeatable cable message and paid for as such.

This Company will not assume any responsibility concerning any message beyond the terminus of its own Lines. It is agreed between the sender of the message and this Company, that this Company shall not be liable for mistakes or delays in transmission or delivery, nor for non-delivery to the next connecting Telegraph Company, or to the addressee, of any unrepeatable message, beyond the amount of that portion of the tolls which shall accrue to this Company; and that this Company shall not be liable for mistakes in the transmission or delivery, nor for delay or non-delivery to the next connecting Telegraph Company, of any repeated message, beyond fifty times the extra sum received by this Company from the sender for repeating such message over its own lines; and that this Company shall not be liable in any case for delays arising from interruption in the working of its lines, nor for errors in cipher or obscure messages. And this Company is hereby made the agent of the sender, without liability, to forward any message over the lines of any other Company when necessary to reach its destination.

It is agreed that this Company shall not be liable for damages in any case where the claim is not presented to it in writing within sixty days after the message is filed with this Company for transmission.

No employee of the Company is authorized to vary the foregoing.
