I was surprised to see a
full tin in the box
of garbage.

It slipped my way
after talking to Hayfield
for a few minutes.

On 19/11/44 I had breakfast
about 0700.

I was at my billet at
0750 hrs on 19/11/44.

There were plenty of people
in my billet when I
found the sentry there.
I was talking to Sgt
Wackay and not to Sgt
Dunlop and I replied an-
swered in my imagination
in the night.

I don't know how the can
got in my bed. I have
my idea.

It looks as though I have
been framed.

I did not put the can
in my bed.
