TOUCHING THE PREMIER.

Premier Whitney is already suffering some of the penalties of greatness. He is daily deluged with letters looking for contributions for autograph quills. These delightful epistles arrive sometimes in little groups of eight or ten in a day, from all parts of the province. For the small sum of \$1 the Premier is entitled to have his name handed down to posterity on a quill raffled or otherwise disposed of in the interests of some church. The Premier has good-naturedly responded to many of these requests. All of which may be very pleasant to the promoters, but there is danger of the Premier getting too much of a good thing. In other words, the supply of autographs - and dollars - is about exhausted.

QUEEN ALEXANDRA ON WAR.

The Paris Gaulois reports a conversation which its representative claims to have had with Queen Alexandra during her recent visit to France. Even if it is not authentic, the sentiments attributed to the Queen are those which would be expected of her. She spoke of the duty of queens in rearing their own families to do honor to the stations they were to occupy, and of their obligation to aid in relieving the distress of humanity, adding:

"Your talk, as men, is of war, but we women speak always of peace - peace in every nation, peace between all nations. I was educated in the school of a king who was before all things just, and I have loved, like him, always to preach love and charity. I have always mistrusted warlike preparations, of which nations seem never to tire. Some day this accumulated material of soldiers and guns will burst into flames in a frightful war that will throw humanity into mourning on earth and grieve our universal Father in heaven."

This is thoroughly consistent with what the world knows of the beloved Alexandra, and is an appropriate utterance for the consort of a peace-loving king. Parallel with it may be quoted the words of a man, Admiral Lord Charles Beresford, who is identified in the public mind with the military spirit in the highest degree. Speaking at Pittsburgh a few days ago he said with regard to the struggle in Manchuria:

"The whole world is opposed to the outrageous conflicts that have been brought about in this war. It is shameful to think of the awful slaughter of human beings, and even should the hostile countries show any inclination to continue the fight, it will be but a question of time until other powers will interfere to prevent any further loss of life in such an atrocious fashion as has characterized all the battles in this fight. As a matter of fact, it seems altogether probable that this will prove the last of the big wars. Nearly all of the bigger countries seem to favor the abolition of such hostilities, and it will be only a matter of time until all international difficulties are adjusted in some other way than by going to war."

SAW HIS FINISH.

New York Tribune.
In the volume "With Karaki in Manchuria," Kuropatkin is reported as saying on his arrival at the seat of war: "At the end of the first month they will call me inactive; at the end of the second month they will call me incapable; at the end of the third month they will call me a traitor; at the end of six months - verrore." More than six months have passed and - well, we have seen.

WEAT A BRUCE MINES MAN SAYS

That He Could Find No Cure For His Dyspepsia Till He Tried Dodd's Dyspepsia Tablets - They Are Condensed Comfort.

"I have been a great sufferer from Dyspepsia for ten years," says Mr. Edward Rousseau, of Bruce Mines, Ont., in an interview. "I doctored almost continually and used almost everything I could hear of but got little benefit until I began to use Dodd's Dyspepsia Tablets.

"I have taken two boxes and words cannot express the great good they have done me, as I am now feeling like a new man, better than I have felt for years.

"I have proved that Dodd's Dyspepsia Tablets cure indigestion and Dyspepsia - where other medicines fail."

If you would eat what you like when you like you must remember that you often eat extra work on your stomach and to avoid trouble you must give the stomach the help it needs.

That help is found in Dodd's Dyspepsia Tablets. They will digest the food themselves if necessary and are always sure to give the stomach sufficient help to ensure perfect digestion.

Perfect digestion means strength, energy and comfort. Dodd's Dyspepsia Tablets are condensed comfort.

DISTRICT DOINGS

TILBURY

April 4. - The Village Council met last night, transacted general routine business and adopted the auditors' report for 1904.

Vice-President Crawford, of the Electric Railway, returned home last night from a trip over the proposed route, in company with the engineers, auditor and other representatives of the company. He states that the engineers will refuse to recommend the long round-about route to Chatham via Middle Road and Merlin, but are highly impressed with the route from Tilbury via the 5th Con. of Raleigh. This would shorten the distance to Chatham by 11 miles and save the company an expenditure of \$220,000, at the rate of \$20,000 per mile. This will prove a great disappointment to a large section of country, but nothing else could be expected from practical men.

The bowling tournament has closed, the three teams captained by Messrs. Lauder, Sawyer and Richardson playing in all 12 games.

Collector Archibald, of Tilbury East, has returned his roll for 1905, and the sum of \$19 is all that is uncollectable notwithstanding it was difficult year. The sum of \$940 will be returned uncollected to the county on the non-resident roll.

Property to the amount of \$42,305 is exempt from village taxes. Joseph Marchand returned yesterday from the east.
