The successful men of the world are those who can enlist and command the services of others, and there is no servant who is so easily controlled or who will work so steadily with no strikes, no vacations, no holidays, working nights as well as days, Sundays included—as Money. For her, money breeds money. A man with \$100,000, working at 4 per cent, will have \$41 every day for reinvestment. The next best thing is to have a stock account, which after it has returned the original investment can, if properly worked, be made to yield a very fair income which in turn can be reinvested and made to pay, or the profits can be used to augment your income and that with little or no trouble to yourself. How this may be done is explained in the booklet which we issue. You might as well make money by such transactions as anyone else. Especially as they are as legitimate as purchases and sales of real estate or any other commodity, and with less risk of loss, if properly handled, than almost any other kind of business that we know of. We make money for our customers. Shall we do it for you?
