**Deafness**

Perfect hearing is now being
restored in every condition of
deafness or defective hearing
from causes such as Catarrhal
Deafness, Retained or Ruptured
Drums, Tympanic Membrane
Rupture and Hearing Losses,
Pneumonia, Whooping Cough, Par-
tially Destroyed Drums, Dis-
charges from Ears, etc.

Wilson Common-Sense Ear Drums
"Little Wilson Phones for the Ears" require no
medicines but effectively replace what is lacking or
defective in the natural ear drums. They are simple
devices, which the wearer easily fits into the ears
where they are invisible. Soft, safe and comfortable.
Write today for our 16-page FREE book on DEAF-
NESS, giving you full particulars and testimonials.

Building, Toronto. Valuable booklets free.

**THE "HAPPY FARMER" ON
THE FIELDS OF FRANCE**

Due to a phenomenal widening
of its business field, a reconstruc-
tion of the J. D. Adshead Com-
pany, has just been effected; the
following particulars of which we
feel sure will be of interest to a
large number of our readers.

The Adshead Company has long
been familiar throughout the
West in its identity with the
"Happy Farmer" Tractor, and
the chief of the old company will
retain his place at the head of the
selling force of the new organiza-
tion.

J. A. Thompson is president
and general manager, R. F. Hay
is vice-president and J. D. Ads-
head is sales manager.

Messrs. Thompson and Hay
are well-known personalities,
both gentlemen having been con-
nected with the implement busi-
ness and other commercial lines
in Western Canada for over 30
years—in the early days being
associated with the Massey
Manufacturing Company.

With the strongest backing in
capital, experience and energy
the new company (which will
now be known as "The Happy
Farmer Company, Limited"), has
been fortunate in fixing contracts
for material which will guar-
antee first rate service to their
distributing agents in the early
part of the season.

They have already secured a
large number of firm orders for
early delivery of the "Happy
Farmer," and are constantly re-
ceiving the most encouraging tes-
timony as to the efficiency and
value represented in this little
one-man outfit.

A striking evidence of its
popularity and the confidence it
enjoys is the fact that the French
Government recently purchased,
and have now in use several hun-
dreds of the "Happy Farmer" on
French soil.

The lightness of the machine
and its compact lines mean a tre-
mendous advantage in these days
when ocean freight is so very
difficult, and when every cubic
foot of space must be rigorously
conserved.

The "Happy Farmer" will
therefore take an important part
in "Greater Production," not only
on the continent of its birth but
on the battle scarred fields of
France and Flanders.

The ease with which it can be
operated has been demonstrated
so often that it is unnecessary to
do more than state this fact. A
letter from a Quill Lake owner
and operator gives some remark-
able details as to the night work
he had been able to overtake by
means of the "Happy Farmer."

Its steering qualities were per-
fect; a flashlight at the furrow

SEED GRAIN

Purchasing Commission

This Commission, appointed on the recommendation of
the Honorable the Minister of Agriculture, by the Federal
Government of Canada, has for its aim the procuring of a
supply of clean, sound seed grain to meet the requirements of
municipalities, farmers' organizations and farmers in districts
affected by drought, frost and other causes. All seed grain
purchased and distributed by the Commission is handled at
the Government Interior Terminal Elevators at Moose Jaw,
Calgary and Saskatoon. It is all inspected by the seed inspec-
tion staff of the Dominion Department of Agriculture on
arrival at these elevators, and must conform to the following
standards after re-cleaning:

WHEAT**CLASS No. 1 MARQUIS SEED WHEAT**

No. 1 Hard and No. 1 Northern Seed Wheat shall be composed of
practically pure Marquis wheat, sound, clean and free from other grains,
and free from noxious weed seeds, under the meaning of the Seed Control
Act, and weigh not less than 60 pounds to the bushel.

OATS**CLASS No. 1 SEED OATS**

No. 1 Seed Oats shall be composed of grades Nos. 1 and 2 C.W. Oats,
shall contain 95 per cent of white oats, sound, of strong vitality, clean and
free from other grains, free from noxious weed seeds within the meaning
of the Seed Control Act, and weigh not less than 34 pounds to the bushel.

BARLEY**CLASS No. 1 SEED BARLEY**

Canada Western Seed Barley shall be composed of the six-rowed
variety, sound, plump, clean and free from other grains, of good color and
free from noxious weed seeds within the meaning of the Seed Control Act,
and weigh not less than 45 pounds to the bushel.

("Within the meaning of the Seed Control Act" means not more than
one noxious weed seed per pound of grain).

The Government Seed Inspectors have been instructed to select and
specially bin such cars of grain as can be cleaned, at reasonable cost, up
to the above mentioned standards.

The Commission will purchase Nos. 1 and 2 C.W. Oats, 3 C.W. Barley,
and Nos. 1 Hard and 1 Northern Marquis Wheat, subject to official grading
and weighing, accepted as suitable for seed by the Seed Inspectors, and
stored in the Interior Terminal Elevators at Moose Jaw, Saskatoon and
Calgary, and pay therefor a premium of 5 cents in advance of the closing
cash price on the Winnipeg Grain Exchange on day of purchase; all
purchases to be made on basis Fort William. When requirements are
nearly filled, the Commission will notify farmers and grain dealers, through
the agricultural press, that no more grain will be purchased after a date
specified in such notification, which will be given at least two weeks in
advance.

The Commission invites the co-operation of farmers and grain dealers
in carrying out its objects, so that there will be no possible danger of any
shortage of seed grain for next spring's seeding, and the expectations of
the Allies for a plentiful supply of foodstuffs from Canada will be fulfilled.
In purchasing and inspecting seed grain, the services of the Commission
and the staff of the Dominion Seed Branch, will be available, free of
charge, and the grain will be sold to farmers at actual cost plus cleaning
and other necessary charges.

All correspondence should be addressed to A. E. Wilson, Commissioner
and Chief Agent, Post Office Building, Regina, Saskatchewan.
