EUROPEAN ADVERTISEMENTS.

HENRY DUDDING, RIBY GROVE, STALLINGBOROUGH, LINCOLN, ENGLAND. Breeder of Lincoln Longwool Sheep and Shorthorn cattle. The Ribby flock of upwards of 1,400 Ewes holds an unequalled record for true type, merit, and quality. Its produce and their descendants have won the highest honors at all the principal exhibitions and shows throughout the world; its wool exhibits being unbeaten. Established upwards of 140 years. Its produce leads the way from the fact that satisfaction is given. The Riby Shorthorn Herd of upwards of 300 selected specimens of Booth, Bates, Cruickshank, and Scotch strains, is one of the largest Herds in Great Britain. Its principal Stud Bulls are: "Pride of Fortune" 73240, s. "Pride of Morning" 14564, d. "Flora 2nd" by "William of Orange" 50694; "Golden Robin" 68718 (rich roan), s. "Roan Robin" 57992, d. "Golden Sunshine" by "Royal James" 54972; "Prompter" (Vol. XLV.), by "Prefect" 69255, d. "Rissington Lass" by "Empire 13th," 1st and champion at Ombersley, 1898; s. "Rosario" s. "Wiltshire Count" 69824, out of "Rose Blossom" (G. Harrison). This bull, his sire and dam, won 84 prizes, including first and champions. Telegrams: "Dudding, Keelby." Rail Stations: Stallingborough, 3 miles; Great Grimsby, 7 miles.

J. E. CASSWELL'S
Laughton, Folkingham, **LINCOLNS**
Lincolnshire, England.
Breeder of Lincoln Longwool sheep. Flock No. 16. The flock was in the possession of the present owner's great-grandfather previous to 1785, and is unique in having descended direct from father to son without a single dispersion sale. At the Palermo Show, 1900, 25 rams bred by J. E. Casswell averaged 454 each; 14 of the best averaged 663 each, this being the highest sale of the season in the Argentine. Ram and ewe hoggs and shearlings for sale; also Shire horses, Shorthorns, and fowls. Telegrams: "Casswell, Folkingham, Eng." Station: Billingborough, G. N. R.

THE Cheveley flocks and herds, the property of Col. H. L. B. McCalmont, M.P., are unique for the purity of their blood, typical character, and individual merit. In their foundation, etc., no expense has been spared in securing the best and most perfect specimens of the different breeds. In each case full records are kept of individual pedigrees, so that any selections made from these flocks will, in addition to being of the highest merit and typical character, have also the great advantage of individual pedigrees. The Southdowns have secured the highest showyard honors during 1900, including first prizes at the leading summer and winter shows. The Suffolks are equally well bred, and numerous prizes have also been won. In fact, for individual merit, pedigree, and purity of breeding, it would be difficult to find better and more suitable flocks of either of these breeds from which to perpetuate their high individual merits. MANSELL'S DISPERSION SALE.
Shropshires.

Andrew E. Mansell, Harrington Hall, Shipnal, England, who is settling in Tasmania, will sell by auction, without reserve, on Thursday, August 29th, 1901, his unrivalled flock of Shropshires. Sheep bought for America and Canada will, if desired, be sent in charge of Mr. Robert Mansell. Particulars and catalogues obtained from Alfred Mansell & Co., Auctioneers, Shrewsbury, England. Commissions carefully executed.

PLEASE MENTION FARMER'S ADVOCATE.

GOSSIP.

At the auction sale of Berkshire hogs drafted from the Biltmore Farm's herd at Biltmore, N. C., on Feb. 12th, 51 head sold for an average of \$102. Prices ranged from \$51 to \$250, the highest price being paid for Luster's Topper II., by Guy C. Barton, Omaha, Neb.

Mr. Alex. Galbraith, Janesville, Wis., whose advertisement of Clydesdale stallions is running in this paper, writes us that, for the convenience of his Canadian customers, he has opened a branch sale barn at Woodstock, Ont., under the management of Mr. S. P. Thompson, a gentleman well and favorably known throughout the Province in connection with the stallion business. A few first-class stallions have already been sent there, and several others will follow in a few days. Those of our readers interested will do well to inspect these horses, which Mr. Galbraith says are all guaranteed and strictly first-class.

A. B. Armstrong, Codrington, Ont., writes:—"The trade resulting from my advertisement in your paper has far exceeded my expectations. I have sent fowls and pigs as far east as Nova Scotia and as far west as Manitoba, and have orders for eggs for hatching for spring delivery from Nova Scotia and as far west as Western Ontario so far, and have enquiries too numerous to mention. In Yorkshires we have made the following sales: To A. Gilmore & Son, Athelstan, Que., 1 boar and 1 sow; to K. C. McRae, Maxville, Ont., 1 sow; to C. A. Wade & Son, Sarnia, 2 boars and 1 sow; to Daniel Keen, Nelles Corners, Ont., 1 sow; to E. F. Tietz, Hagersville, Ont., 1 sow; to Henry Snell, Hagersville, 1 boar and 1 sow. In fowls our sales have been too numerous to mention. We also have an order for a pair of Yorks to be sent to Manitoba in the spring. We have a few good pigs left. Our fowls are doing well and laying a goodly number of fertile eggs. We have spared no pains to get together a lot of No. 1 fowls for breeding purposes, having such strains as E. B. Thompson's cockerels and Bradly & Leffell's strain of pullets in Rocks. In W. Wyandottes, we have a pure Dunston male and Massie females—all snow white. In W. Leghorns, we have Rice's strain and Seivers' strain of hens, headed by a snow-white cockerel from S. Dippel, of Listowel. In Brown Leghorns, our females are Knapp's strain, headed by a Rice male. In Black Minorcas, we have Duff's strain and Scott's strain of females and headed by a 9-lb. cockerel. In White Minorcas, our females are Shales' and Jerome's strains, and mated to an Abbott cockerel. Our M. B. turkeys are No. 1 quality and extra large birds. Our golden-weight 36 lbs. last fall at one year old. In Pekin ducks, our young drake weighs 10 lbs. and females weigh 8 lbs. and have no disqualifications. On Feb. 2nd we placed 165 eggs in our incubator, and in testing them we found only 16 infertile eggs in the lot."

SUCCESSFUL SALES OF SHORTHORNS.
At Kansas City, Mo., March 5th, was held a draft sale of Shorthorn cattle from the herds of Messrs. T. J. Wornall, West Liberty, Mo., and J. G. Robbins & Sons, Horace, Ind., the former selling 40 head at an average of \$316.12, and the latter firm 20 head at an average of \$376.50. The highest price, \$1,190, was paid by Mr. W. D. Platt, Hamilton, Ont., for Mr. Wornall's 4-year-old show cow, Lady Valentine, by St. Valentine, the champion show bull who was bred in Canada by the Messrs. Gardhouse, Highfield, Ont. Mr. Geo. E. Ward, of Hawarden, Ia., who owns her sire, was a competing bidder to the last. The second highest price, \$965, was paid by E. W. Bowen, Delphi, Ind., for the red 2-year-old Warden Secret, from the same herd. The third highest price was \$890, paid for Robbins' red yearling heifer, Imp. Graceful Rose, by Scotch Thistle, bought by H. Gilchrist, Hope, Ind. Eight hundred dollars was the highest price for a bull, and was paid by J. F. Prather, Williamsville, Ill., for the red 10-months calf, Secret Prince of Fairview, of Mr. Wornall's offering. Three hundred and fifty dollars was the next highest price for a bull.
On the following day consignments from the herds of Messrs. E. K. Thomas and Abram Renick, of Kentucky, were sold, the offering of the former, 13 females and 1 bull, making an average of \$271, and Mr. Renick's 21 head an average of \$169.50.

A Good Deal of Nonsense

About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way, and the idea that a medicine in itself can purify the blood or supply new tissue and strong nerves is ridiculous, and on a par with the fabled story that dyspepsia or indigestion is a germ disease, or that other fallacy that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating after meals, because they furnish the digestive principles which weak stomachs lack, and unless the deficiency of pepsin and diastase is supplied it is useless to attempt to cure stomach trouble by the use of "tonics," "pills," and "cathartics," which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but, of course, are more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and ailing, but well people, who use them at every meal, to insure perfect digestion and assimilation of the food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well. Prevention is always better than cure, and Stuart's Dyspepsia Tablets do both: they prevent indigestion, and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.—Advt. om
