The Light for Country Homes
THE ANGLE LAMP.

Comfort in Summer Lighting.

As the days grow longer it is more and more important that you use the right illumination. If you have a system that requires endless attention, that smokes and smells and makes a room unbearably hot, you will find it more disagreeable every day that brings you nearer warm weather. This lamp is, therefore, the one kind of illumination that will bring you absolute satisfaction. While more brilliant than gas or electricity, it never smokes, smells or gets out of order; is lighted and extinguished as easily as gas; gives almost no heat and is economical beyond comparison with anything else.

Eighteen Cents

worth of oil will burn for one month, and will show you that it is possible to use oil with comfort and saving. It presents a perfect substitute for gas, electricity and other new systems, and, being absolutely non-explosive, it can be placed in any hands with absolute safety. The unique feature,

No Under Shadow,

insures all the light falling directly downward and outward which makes every occupation of the evening a genuine pleasure. They are handsome, well made, and a distinct decoration wherever used. Thousands are employed in homes, stores, churches, halls, libraries, etc., and give unbounded satisfaction. Our catalogue shows all styles from \$2 up. We will gladly send it to you upon request.

How Much Ought You Spend

Each Year For Separator Repairs? Well, It All Depends Upon What Separator You Buy.

A complicated separator, with many intricate parts and a lot of do-funny fixin's costs more for repairs than it is worth. A cheap, poorly constructed separator—made for sale rather than service—not only gives a lot of trouble and annoyance, but also is a constant drain upon your profits. Isn't it foolish to buy any separator until you are sure it won't eat up all your profits in repair bills? Of course it is. But if you keep cows, you must have a cream separator—just as you must have a plow on the farm and a cook stove in the house.

The thing to do is to use good business judgment—in other words, plain common sense—in selecting your separator. What is it that makes trouble in machinery of any kind? Why, intricate, complicated parts. It's plain, then, that you want a simple cream separator—one with few parts. But that isn't all. The parts in it must be made right. You want a well constructed separator—one as nearly mechanically perfect as you can get. If you keep these two important considerations in mind, and examine every cream separator on the market, do you know what you'll do? You'll buy an

IMPROVED FRICTIONLESS EMPIRE

There's no doubt about it. If you don't want to buy a cream separator you better keep away from the EMPIRE. It's so simple in construction and so well made that even a casual examination will convince you that it can't get out of order. Thousands of them have been in use for years and years without costing a dollar for repairs.

Well, when you add to this the fact that it turns more easily than any other separator and that it is more quickly and more easily washed than any other separator, you can't help deciding that it's the separator for you.

I wish you'd let the EMPIRE folks tell you more about this great machine. You're just as interested in finding out which separator is the best for you—as they are in selling EMPIRES. Write to them today. Tell how many cows you keep and what you do with the milk and they'll send you their books on Dairying. Just address

Desires Determine Destiny IN ALBERTA, THE LAND OF OPPORTUNITY

The selection of a location is important. Southern Alberta is the **Homeseekers' Land**, and the center of the fall-wheat belt. High River is the buckle of the belt, the birthplace of "Alberta Red."

Why not own a farm there? You can if you will. Write to:

J. Z. VENNE & CO., HIGH RIVER, ALBERTA

HOMESEEKERS' EXCURSIONS

JUNE 5 AND 19 06
JULY 3 AND 17 06

Ask for Homeseekers' pamphlet and secure full particulars of return limits, rates, etc., from nearest C.P.R. agent, or G. B. FOSTER, D.P.A., C.P.R., Toronto.

DUNN HOLLOW CONCRETE BLOCK MACHINES

are in use from coast to coast, and every one giving the best of satisfaction. Concrete blocks make the handsomest, most durable and cheapest building material. They are simply and quickly made on the **Dunn Machine**; and the cost of outfit is very moderate. Full directions furnished.

Write for catalogue to Dept. O.

THE JAS. STEWART MFG. CO., LIMITED, Woodstock, Ont.

Every Subscriber

should be a member of our Literary Society and wear one of our handsome Rolled Gold and Enamel Stick Pins. They are beauties. Send us **only one** new subscriber to THE FARMER'S ADVOCATE AND HOME MAGAZINE, at \$1.50, and we will send you a pin, and enter your name on our Society membership roll.
