

BOG Spavin

Cure the lameness and remove the bunch without scarring the horse—have the part looking just as it did before the blemish came.

Fleming's Spavin Cure (Liquid) is a special remedy for soft and semi-solid blemishes—Bog Spavin, Thoroughpin, Splint, Curb, Capped Hock, etc. It is neither a liniment nor a simple blister, but a remedy unlike any other—doesn't irritate and can't be imitated. Easy to use, only a little required, and your money back if it ever fails.

Fleming's Vest-Pocket Veterinary Adviser describes and illustrates all kinds of blemishes and gives you the information you ought to have before ordering or buying any kind of a remedy. Mailed free if you write.

There is a good story about Coleridge and a Somerset blacksmith. The poet's horse had lost a shoe, and as it was being replaced he asked the time.

"I'll tell 'ee presently, sir," said the man. Then he lifted a hind foot of the horse, and, looking across it attentively, said, "Half-past eleven."

"How do you know?" asked Coleridge.

"Do 'ee think I have shod horses all my life and don't know by sign what time it is?"

The poet went away puzzled, but returned in the evening and offered the blacksmith a shilling to show him how he could tell the time by a horse's hoof.

"Just you get off your horse, sir. Now, do 'ee stoop down and look through the hole in yon pollard ash, and you'll see the church clock."

One would like to know in what flights of speculation Coleridge had indulged before his return.

QUESTIONS AND ANSWERS. Miscellaneous.

OATS FILLING.

Will oats, after they are cut and stooked, fill out any? J. R.

Ans.—No; at least, not ordinarily.

PEDIGREE OF HORSE.

Where could I find out the pedigree and history of the Thoroughbred horse called either Kapanga Horse or Kapanga Colt? I think he was owned by Dr. Smith of Toronto. J. F. S.

Ans.—Write Accountant, National Livestock Records, Ottawa.

HOLIDAYS FOR HIRED MAN.

How many holidays is a man working by the year entitled to? C. K.

Ans.—A hired man may claim as holidays, after doing necessary chores, Sundays, New Year's Day, Good Friday, Easter Monday, Victoria Day, Dominion Day, Labor Day, Christmas Day, and, possibly, henceforth, the King's Birthday, together with any other day appointed by official proclamation as a holiday.

PROPOSED DAMAGE ACTION.

A and B are neighbors, and part of A's share of line fence was five strands of barbed wire, which was there when B purchased farm nearly seven years ago. A's son has a driver which has one leg hurt, supposed to be in wire fence, but did not see it done. B found no wire down; only top wire down about eighteen inches from ground in one place. When A's son, who is not of age, saw B, he told him he was going to sue for damages to horse.

1. Can he do so without first sending in an account as he was asked to do?

2. Is B legally compelled to pay damages? OLD READER.

Ans.—1. Yes.

2. We do not see that he is.

PLANTING STRAWBERRIES.

1. Purpose starting an acre of strawberries so as to reap next year. Can I plant new plants this autumn and cover them with straw manure for protection, or would you advise planting in early spring, directly after frost?

2. Kindly let me know where and at what price I can get plants of Senator Dunlop and Splendid. C. M.

Ans.—1. Strawberries can be planted in the autumn, in August or September, and very often do very well, but most growers prefer spring planting, as it usually gives better results. If you wait until spring, you will not get a crop next year, and if planted this fall a full crop could not be expected.

2. Plants of these varieties should be obtainable from any nursery, or you might get them from some grower in your district who was taking up and moving his patch.

TRESPASSING PIGS AND POULTRY.

1. What can I do with neighbor who allows his geese and pigs to destroy my fields of grain? My field is just across the road from neighbor's house and barn.

2. Can I kill them, or have him fined for trespass? SUBSCRIBER.

Ontario.

Ans.—1. If there be no by-law of the local municipality, making provision for such cases, you may drive the geese and pigs to the pound and have the pound-keeper take them in charge. Or, as to the geese, you may notify the owner in writing of their trespass, and then, if he should refuse or neglect to prevent them from further trespassing on your premises, you could have him brought before a justice of the peace and fined.

2. You have no legal right to kill either pigs or geese; but it is open to you to lay an information before a J. P., as above suggested in respect of the geese after giving the prescribed notice, and as to both pigs and geese, after impounding same, you would be in a position to obtain damages through the pound-keeper.

It, however, there is a local municipal by-law on this subject, advantage should be taken of it. Inquiry as to same should be made of the municipal clerk.
