

# Farmers' Movements?

*Thirteen Thousand Farmers already in the Company*

**Organized by Farmers    Owned by Farmers    Officered by Farmers**

Every other business is organized, and every day we hear of new amalgamations. Concentration and organization is the spirit of the age. We must also concentrate our efforts. Every farmer should be in his own organization. Come in and make another unit in this great fight—***“Equal Rights for All.”***

The past record of our organization shows unparalleled success, and with this success comes useful expansion in other co-operative lines.

We have acquired by lease this season the Government Elevators of Manitoba and a terminal elevator from the Canadian Pacific Railway Company at Fort William.

To operate these elevators it will require a large additional capital, which must be subscribed for by the farmers of the three provinces.

Our Directors are anxious to extend the co-operative principle to other lines advantageous to ourselves; but are prevented from doing so on account of limited capital.

**Subscribe the necessary Stock and your Company will expand**

If thirteen thousand farmers can accomplish what has been done in six years, what can be accomplished with the two hundred and fifty thousand farmers in the three western provinces, whose interests are identical with our own, by purchasing stock in this Company, in the years which are to follow?
