COUNTY AND DISTRICT.

On November 18th by-laws will be voted on in Huron township and the town of Kincardine for the guarantee of bonds of the Ontario West Shore Electric Railway. Kincardine is asked for a guarantee of \$50,000 and Huron township for a guarantee of \$75,000.

By charging exorbitant prices the Walkerton butchers have aroused so much popular hostility that the by-law which protects them from outside competition is likely to be repealed. This by-law imposes a license fee of \$20 on any person living outside the corporation who sells meat in quantities less a quarter. The law is said to work against the poor who can afford to buy meat in small quantities only.

She Was Wild With Pain.—From Willow Creek, Ont., Miss E. Diegel writes: "A few years ago I was drenched with rain and got lumbago; it was like a steel rod piercing my back. I applied bathing soaked with Nerviline to my ear and rubbed on Nerviline for the lumbago. That rubbing relieved and in a few hours I was well. No other liniment could do this." It's the penetrating power of Nerviline that makes it superior to all other liniments. Nothing beats it, 25c. at all dealers.

With all the noise on the Pacific coast about the influx of Japs, it is rather strange that the first child to be born at Prince Rupert, the terminus of the Grand Trunk Pacific, was a Japanese girl baby. Her birthday is October 16, and her father receives the prize of \$50 and a cradle offered by James Carruthers, Grand Trunk Pacific official. These Japs seem to have everything in sight.

Twenty-two dollars is being paid for hay per ton at Collingwood. The outlook there is so dark for the winter that stock is being sacrificed at almost any price.

Barely Lived Through It.—A terrible experience had Edw. O'Connor of Sault Ste. Marie. "From boyhood," he writes, "I have been a constant sufferer from asthma and catarrh. My nose and throat was always stopped up and I had droppings in the throat. When attacks came on I thought I couldn't live through the night. I would sit up and gasp for breath, and endure great distress. Catarrh made me entirely well." No stronger proof is required. Asthma is curable, so is catarrh. Use Catarrh-zone and your recovery is guaranteed. Two sizes, 25c and \$1.00 at all dealers.

About eight years ago the town of Galt began the experiment of Public School Savings Banks, and it has been quite a success, so much so that it is now proposed to merge the school bank in the Penny Bank founded in Toronto not long ago. It is interesting to note that since the school children of Galt began their systematic plan of saving, twelve hundred separate accounts have been opened and over \$9000 collected. There are now over eight hundred accounts, representing a total savings of over \$6,000 to be transferred to the Penny Bank. When a child has \$200 to his credit the account is transferred to one of the chartered banks, and by that time it is hoped that the valuable lessons of economy and systematic saving will have been so well learned as to last throughout the individual's life. Mr. Jarvis, manager of one of the Galt banks, was instrumental in having the system introduced eight years ago and he is so satisfied with the results of the experiment, that he is said to regard the work as really of national importance.

An Italian laborer was killed while at work on a dam at the pulp mills at Millinocket, Me. At the hearing before the local justice there was found in a pocket a roll of bills containing \$25, and hidden in one of the boot-legs was found a dirk knife. As there was no probate court within many miles of the town, the judge was at a loss to know what disposal should be made of the money. Finally he hit upon the solution. The court took charge of the money and fined the corpse \$25 for carrying concealed weapons.

Milk vendors in Toronto are going 100 miles out of the city for their supplies, there being a serious scarcity in this product owing to the scarcity and consequent high prices of feed. Farmers say it pays them better to dispose of their cows and sell their hay and oats.

A man from the East said that on a Western trip he rode across the prairies in a train that hardly went faster than a walk. Cattle, dogs and tramps passed him. Finally in a desolate place, the train stopped. The passengers began to fume and fuss. Why this stoppage? What could be the matter? In the midst of the angry turmoil the conductor came slinking through the car. He bent over the Easterner, and with a shamefaced air whispered: "Say, have you got a piece of string about you? We want to fix the engine."

A man in an adjoining county died recently who had taken his paper for twelve years without paying for it. Upon the day of his burial the kind hearted, forgiving editor called to see him for the last time, and stuffed a linen duster and a couple of palm leaf hats into the coffin. He was prepared for a warmer climate.

The cheerful news is published that turkeys will only be 20 cents per pound for Thanksgiving. Might as well be \$20 as far as we are concerned. Corned beef and cabbage is good enough, but the puzzle is where is the corned beef; we can locate the cabbage.

Health Depends on Good Blood.—Everyone who uses Ferrozone has good color and great vitality. Reason for this is Ferrozone's power to create nourishing blood. "I was broken down, had no strength, and couldn't eat," writes Mrs. Chas. Benny of Cloyne, Ont. "My nerves were irritable, I was thin-blooded and continually unhappy. I tried Ferrozone. It gave me new energy, force, vim. It brought me strength, made me well." Greatest tonic and rebuildier ever known is Ferrozone. Sold everywhere in 50c boxes.

One effect of the high price of grain is that it has greatly reduced the price of young pigs. Not long since pigs 5 or 6 weeks old were selling at from \$2 to \$2.50 a piece. Now they can hardly be given away. It won't pay to feed hogs on dollar wheat or 80c. peas.

This extra nourishment is distributed throughout the entire body, gives force to the nerves, strength to the muscle, and power to the digestive organs.

At once you feel braced, toned, strengthened. You know a powerful force is building up depleted energies, you realize what it means to have the vim and spirit of robust health.

To take Ferrozone regularly is an insurance policy of health, a guarantee that you will be free from vexatious spells of tiredness and debilitating sickness of every kind. Surely it's worth while trying a medicine that Mrs. H. S. Gold, of Bowsman, Man., speaks of as follows:

"I want to state my case, because I think it may be the means of assisting other suffering women to health. A yr ago I was almost a wreck. I was pale and emaciated, suffered from nervousness and hysteria. Little things that went wrong in the house bothered me. The doctor advised different treatments, but they didn't help. He said my low condition of health was due to weakness that might never be cured. Ferrozone had a peculiar grateful effect and built me up quickly. The ills I suffered from are cured. I am now strong and vigorous and was made so by Ferrozone." Signed, Mrs. H. S. Gold.

Before your ill-health assumes a chronic or malignant form build up with Ferrozone. Sold everywhere 50c per box or six for \$2.50 at all dealers.
