Three cows and a DE LAVAL CREAM SEPARATOR will make more money than four cows with gravity setting

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you. With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator. If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor. If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—be sure you get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.

A. L. Davidson, M. P. Honored by Citizens of Middleton

Middleton, May 6.—Last evening there was a gathering of the citizens of Middleton, irrespective of politics, in the MacDonald school hall, to witness a presentation to A. L. Davidson, M. P. Mayor Goucher acted as spokesman of the citizens present and others who could not be present. He referred to many events in the history of Middleton's progress during the thirteen years since Mr. Davidson became a citizen of the town, and the active part he has taken in advancing the town's moral and material interests.

Mayor Goucher, in closing, presented a solid gold watch and chain to Mr. Davidson as a token of the esteem of his fellow-citizens. The watch was beautifully engraved with the following:—

"Presented to A. L. Davidson, M. P., by the citizens of Middleton, as a mark of appreciation of his many services to the town, March, 1913."

The intention had been to make the presentation at Easter, but Mr. Davidson did not get home from Ottawa during the Easter recess, so the event took place last evening, it being the earliest opportunity.

Mr. Davidson, who had received no hint of the intentions of his fellow-citizens, expressed his deepest appreciation of the gift, and in his reply spoke of the bright future for Middleton, the splendid quality of her citizens, and the need in future of zealously guarding the moral interests of the town as well as working unitedly for her industrial progress.

Tried to Rob Bank in Guysboro

A serious attempt was made to rob the Royal Bank at Guysboro on Tuesday night. The front door was forced and the front of the vault blown out with a heavy charge of dynamite. The whole front of the vault was shattered but the robbers failed to force the inside door and Mr. Howard, the manager, reports that the contents of the vault are intact. The shock was sufficiently severe to break the windows in the front of the bank. One family living near heard the report but apparently thought nothing of it and no alarm was raised until about seven o'clock yesterday morning. Efforts are being made to locate any suspicious strangers seen about, but as yet no clue is known of the robbers, altho they cannot have got very far away. One strange coincidence of the affair is that for the last three days a report has been circulated that robbers were expected, altho the bank reports that they received no warning.—Ex.

More Excitement in London over Suffragets

Mrs. Emmaline Pankhurst, the military suffraget leader was today with the consent of the authorities removed from the house in which she had been staying in London to a nursing home at Woking, where she will remain under the supervision of the police.

Bow Street Police Court was crowded today, when a band of militant suffragets, who were arrested in a police raid at the headquarters of the woman's Social and political Union on Wednesday, was arraigned. The leader of yesterday's crowd of the suffragets was arrested this morning.
