Duck Season Opens With Other Newsy Items From Many Hunters on the Ground

Ericau, Sept. 3.—The Ericau festivities came to a close on Saturday hight by a most brilliant bonfire and a deligious taffy-pull, given by Mrs. J. G. Kerr, Mrs. Pilkey, and their guests. The boys from the two cottages sailed along the Bar, leaving their invitations at the different houses, The evening was spent in singing, games, and a tug-of-war, Mr. A. F. Falls making himself most useful in entertaining the youngsters. The crowd dispersed much regretting that this must be their last gathering on the beach this season.

Miss Edith Nixon Rispin, daughter to the late John Rispin, and a lady well-known and highly esteemed in this city, passed peacefully away at the residence of her sister, Mrs. D. S. Paterson, this morning, at six o'c'o'k.

Miss Rispin's death has come as a severe shock to her many friends, day for the last time the season on Friday.

Miss Rispin's death has come as a severe shock to her many friends, and the surviving relatives have the sincere sympathy of the entire community extended to them. Death acrown tit is all the more lamentable. Some time ago the deceased was taken ill with a severe case of jaundice. She recovered and seemed to be in the very best of health again. She went on a visit to friends in Morpeth, and, after spending a very pleasant holiday, she returned from apparently in the best of health and claimed to be much be neitied and refreshed.

Six days ago M.s. Rispin was in a most amiable and happy mood. In a light-hearted conversation with her sister she was laughing over some humorous stories which she had heard a few days previously. After relating several humorous incidents, she tripped merrily upstairs. She had no solner reached the top landing than she was seized with a severe pain. She was forced to go to (oed, une pain was so severe. This was the commencement of her fatal illness — acute peritonitis, and the summer blome. The Shrewsbury Pier light was lit for the last time this season on Friday fight.

AT THE BRISCO THEATRE TO-

There is a wholesome countryside brand of comedy down in Southern Indiana that don't exist everywhere. Pumpkin wit and rural comedy has long held a fascination for the playwright, and the local season at the theatre is always assured one or more comedies founded on scenes taken from the country. Several of them have become established favorites and return regularly each season to splendid houses, but in all the list it is quite safe to say that none holds a surer place in the hearts of the local theatregoers than the quaint, Posey County Indiana lass, "Sis," her philesophy and wit having found lodgment with many a loyal supporter among her theatre friends. This season "Sis" bloesoms out in a new play, called "Sis in New York," and she is going to tell what Broadway is like and how she liked the Waldomf-Astoria, at The Brisco Theatre to-night.

> Flourishing Town of Dresden

From Our Own Correspondent.

Dresden, Sept. 3.—Miss Grace Laird gave a recips shower in bonor of Miss Eva McVean, on Saturday evening. The tea table was prettily decorated with pink and white asters. A gay Japanese parasol was suspended beneat the chandelier, and from thhis strands of pink and white ribbon passed to each place. After super each girl read a verse of her own composition, which had been fastened to the strand of ribbon and concealed in the parasol. Each one had been asked to write some advice on "The Care of a Husband," and the verses were interesting. Miss McVean, in pulling her ribbon, brought down a dainty recipe book, which one of the girls had made her, and a recipe from each girl.

THE CAUSE OF HAY FEVER.

It's a microbe that floats in the air, gets into the throat and lungs, develops rapidly, excites inflammation, etc. The cause is as simple as a thistle in the finger. Extract the thistle, away goes the pain. Destroy the Hay Fever germ—you get well. That's why Catarrhoxone acts so marvellously in Hay Fever. Its fragrant vapor to you brings oure, but to the microbe death. Catarrhoxone is as quick to act on these microscopic organisms as fightning. Prevents as well as oures, and is always successful. Druggists, 25c. and \$1.90, or Polson & Co., K.ngsten, Ont.

DON'T USE GREASY LINIMENTS, A century ago they were popular. To-day people want something easy to apply, certain in results, and, above all, a clean liniment. When nerviline is applied aches and pains disappear as the pores absorb its soothing, healing properties. Nerviline penetrates to the core of the pain, eases instantly, and leaves no oily, bad smelling memory behind. Good to take in, capital to rub on, and five times more powerful in destroying pain than any oily liniment. Don't fail to get a large 25c. bottle.
