

"THE HOUSE OF QUALITY."

A SAILOR

is the right thing this season—and a sailor's a sailor whether it's on the long man—the short man—the thick man or the thin man—and the beauty of a stock like ours is that there's variety in the blocks—the height of the crown and the width of the brim—to let every man who comes pick just what's most becoming to him—and of course "The 2 T's" stands for the quality and value.

A CRUEL JOKE

A great practical joke was worked on the local K. O. T. M. lodge yesterday and it was a good one. The Macabees are very strong in this city and the members of the lodge are very enthusiastic. This was known to Mr. Thompson so when he heard that a Knights of Pythias excursion was coming here from Mount Clemens yesterday, he quietly circulated the report that a Macabee excursion was coming. The organizers, Baughman thought it odd that he hadn't been notified but he at once got busy as soon as he learned of the K. O. T. M. excursion. An emergency meeting was called and Messrs. G. W. Sullivan, J. M. Pike, Ira Burke, Mr. Baughman, W. H. Benson, W. E. Merritt, Frank Tschirhart and Geo. Fritchard were appointed a special reception committee augmented by about a hundred lady Macabees met the boat and gave the excursionists a royal good time. Ira Burke looked stunning, he had paid the bootblack an extra nickel for a special shine in honor of the event. The men were shown the sights and taken to the fireball where a hitch was made in honor of the visiting Macabees. Shortly before the departure of the boat, the reception committee began to examine the badges of the visitors and found that they had been entertaining Knights of Pythias instead of Knights of Macabees. The committee enjoyed the joke as much as anyone.
