Hundreds of men and women are
asking themselves that question.
They are not well—and yet not
exactly ill. Doctors say—"all run
down—need a tonic." But tonics fail
to bring back health and strength. It
may be that your kidneys are affected.
Here's a simple test to prove it:—

Collect the urine passed in the morning,
in a glass vessel or bottle, and let stand 12
hours. If there is a reddish deposit—if the
urine is cloudy or milky—or if there are
floating particles or shreds—then assuredly
there is some serious derangement of the
kidneys.

Healthy urine stays perfectly clear.

sexual systems are invigorated; all drains cease—no more vital waste from the
system. The various organs become natural and manly. You feel yourself a man
and know marriage cannot be a failure. We invite all the afflicted to consult us

THREATENED WITH PARALYSIS.

Peter E. Summers, of Kalamazoo,
Mich., relates his experience:
"I was troubled with Nervous De-
bility for many years. I lay it to in-
discretion and excesses in early
youth. I became very despondent and
didn't care whether I worked or not. I
imagined everybody who looked at me
guessed my secret. Imaginative
dreams at night weakened me—my back
ached, had pains in the back of my
head, hands and feet were cold, tired
in the morning, poor appetite, fingers
were shaky, eyes blurred, hair loose,
memory poor, etc. Numbness in the
fingers set in and the doctor told me
he feared paralysis. I took all kinds of
medicines and tried many first-class
physicians, wore an electric belt for
three months, went to Mt. Clemens for
baths, but received little benefit. While
at Mt. Clemens I was induced to consult
Dr. Kennedy & Kergan, though I had
lost all faith in doctors. Like a drowning
man I grasped the New Method
Treatment and it saved my life. The improvement was like magic—I could feel
the vigor going through my nerves. I was cured mentally, physically and sexually.
I have sent them many patients and will continue to do so."

Opposition Scores The New
Intermediate
Tariff

'TIS A MERE PLAYTHING

Ottawa, Dec. 5.—The two new mem-
bers from Montreal were introduced
to the House yesterday afternoon,
amid considerable applause from the
supporters of the Government. Both
gentlemen were supported by Sir Wil-
frid Laurier and Hon. L. P. Brodeur.
The First Minister addressed Mr.
Speaker in English when presenting
Joseph C. Walsh (St. Anne), and in
French when presenting Mederic Mar-
tin (St. Mary's).

To Assist Cold Storage.
Mr. Fisher, Minister of Agriculture,
moved the House into committee to
consider a proposed resolution declar-
ing:

"That it is expedient to pass an
act to encourage the establishment
of cold storage warehouses for the
preservation of perishable food prod-
ucts by granting aid out of the pub-
lic purse to the owners of such con-
struction of such warehouses."

He explained that legislation was
sought, authorizing the Government
during the next fiscal year, to expend
\$1,000,000 for the establishment of cold
storage warehouses for the better pre-
servation of perishable food products.

The Minister of Agriculture will be
empowered to enter into a contract
at his discretion with persons or com-
panies establishing local cold storage
depots. Upon the completion of any
such plant to the satisfaction of the
Minister, 10 per cent. of its costs is to
be paid by the Government, and
later on an additional 20 per cent.

The Government is to retain con-
trol of the rates to be charged for the
service, and to prescribe the tempera-
ture at which the cooling apparatus is
to be kept. The act will not apply
to cold storage warehouses already in
existence, but an effort will be made
not to have these Government-aided
establishments started up in localities
where they will compete with exist-
ing cold storage warehouses.

British Preference Passed.
The tariff resolutions were taken up,
and the British preference passed vir-
tually without discussion.

According to Mr. Fielding, it is al-
ready extended to the United King-
dom; the British colony of Bermuda;
the British colonies commonly called
the British West Indies, including the
following: The Bahamas, Jamaica,
Turks and Caicos Islands, the Le-
eward Islands (Antigua, St. Christo-
pher-Nevis, Dominica, Montserrat and
the Virgin Islands), the Windward
Islands (Grenada, St. Vincent and St.
Lucia), Barbados; Trinidad and Tobago;
British Guiana; British India;
Ceylon, Straits Settlements; New
Zealand; Cape of Good Hope; Natal;
Orange River; Transvaal, Southern
Rhodesia, and any other British col-
ony or possession admitted to the
benefit of the British preferential tariff
in Canada.

Respecting the so-called interme-
diate tariff, Mr. Fielding stated that he
did not anticipate that it would ever
become effective as to the United
States. The people of that country
gave no sign of favoring reciprocal
legislation. The Government would
not attempt to extend the interme-
diate tariff to any country. So many
national and "favored nation clauses"
in their treaties with Great Britain
that to lower the duties to one would
automatically lower them as to many
others. This would apply, however,
to Germany or the United States, for
they had no such treaties with the
mother country.

Revolutionary.
Hon. George E. Foster denounced
the intermediate tariff. It was revolu-
tionary. The Governor-in-Council at
any time might so reduce the duties
against the United States as to seri-
ously endanger our manufacturing in-
terests.

Mr. Fielding thought that Mr. Fos-
ter was unduly alarmed. The permit-
ted reduction was only 2-1/3 to 5 per
cent. of the general tariff. Opening
the book at random, he selected the
item of hair oil. Would there be any
danger of revolution if the duty on
hair oil, for example, was 3-1/2, in-
stead of 35 per cent.?

B. L. Borden pointed out that there
seemed to be no principle upon which
this novel legislation rested. He was
surprised at Mr. Fielding's confession
that United States reciprocity was
out of the question. No such lan-
guage was heard from the Liberals
when they were trying to get into
power on the platform of continental
free trade.

Hon. John Haggart also criticized
the Government, and Mr. Foster
pointed out that the reductions if
made in favor of the United States,
might disturb Canadian industries and
lower the British preference.

Challenge to Foster.
Mr. Fielding: I hope the gentleman
is not opposed to the principle of the
intermediate tariff. He will hardly
venture to move to strike it out.

Mr. Foster: Would not a clear con-
fession do you good? Has the Gov-
ernment any idea of how, when or
where this intermediate tariff comes
into effect?

Mr. Fielding: If it will relieve the
hon. gentleman's mind, I am willing
to admit that the Government has no
present knowledge as to when this
intermediate tariff may come into ef-
fect, or as to what nation or nations
it may apply.

B. L. Borden pointed out that in a
number of schedules, the interme-
diate tariff gave a preference amounting
to 25, 40 and even 50 per cent. of the
present bill with Mr. Fielding's
British preference. He contrasted the

Nervous?

There are many causes of nervousness, but
poor blood heads the list. The doctors call
it anemia. The blood lacks red corpuscles.
At your first opportunity, consult your doctor
about taking Ayer's Sarsaparilla. Ask him if he has anything better for weak-
ness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla.

promise of a maximum, minimum
and preferential tariff.
The section providing for the inter-
mediate tariff then passed without
division.
