OUR PICKLES

Are winning the good opinion of all who try them. The quality of the pickles, and the vinegar is so good they are sure to please you. Then the price—and the assortment—

15c a bottle

And fine varieties to choose from. Can you afford to miss this?

These pickles were shipped direct from London, England, to a man in this western section. Before the pickles were delivered he failed, and the Canadian Agent asked us to buy them. As it was mid-winter, and pickles not selling very fast, they made the price low. That's all there is to it.

A FEW REASONS WHY

THE "WHITE" SEWING MACHINE IS KING

It has case hardened shell, ball-bearings throughout.

It has the automatic lift and drop head.

The Pinch tension device is without a peer. It pinches the thread just enough to produce a smooth elastic stitch.

The TENSION INDICATOR shows the state of the tension at all times, and it can be changed or duplicated in an instant.

The Tension Release (on reverse side of face plate) operating with the lifter bar, instantly removes all tension from the thread.

These special features, together with many others, should and do commend the "WHITE" SEWING MACHINE to all shrewd buyers as the highest of its class for the simplicity of its construction, its durability, and its superior excellence piece of household furniture.

It runs light and sews right.

LIFE IN MISSOURI.

Mr. Ned Radley presents "Life in Missouri," with an all-star cast, at the Brisco Opera House on Friday and Saturday of this week, playing matinees both days. New and up-to-date specialties will be presented between acts.

THORNS AND ORANGE BLOSSOMS.

Excellent Play. Exceptional Company.

The part of Violet Beaton in the new comedy-drama, "Thorns and Orange Blossoms," as portrayed by the talented young actress who so cleverly impersonates her, is one of the most carefully drawn characters that has been thought out for a theatrical production in years. She is pretty in face and form, and with a disposition sweet as clover, and yet embittered against aristocracy, believing it to be the logical cause of all unhappiness. In this beautiful stage story she depicts a wife's heartrending, soul-trying struggles against illness, starvation, winter's merciless cold, and a villain's efforts to degrade her. All ends, however, in true dramatic fashion, and the intensely human drama concludes in the prettiest picture ever presented to the gaze of dramatic patrons.

"Thorns and Orange Blossoms" will be presented here on Monday, March 4th, at the Brisco Opera House, by one of Rowland & Clifford's best companies.

LEAVES BRIDE OF A WEEK

Stratford, Feb. 27.—This city suffered most severely from the wreck at Guelph yesterday. Two of her popular citizens are numbered among the three dead.

Charles Rankin, who met death, was one of the most widely known young sporting men in the county. His sport was hockey, and he played the game in a manner that won for him the pride of his fellow townsmen and the respect of opposing teams. Latterly he had been acting as referee for the O. H. A. and he has given the utmost satisfaction. Rankin was married about a week ago to a popular young Toronto lady. He was 28 years of age. His death has cast the deepest gloom among very many people in this city.

Rankin was quite well known in this city, and occasionally visited friends here.

On November 24th, 1906, John Hopper, Dresden P. O., said: "For 15 years I could not lie down to sleep, but lay propped up on pillows, my inflammatory rheumatism was so bad. My legs and feet were so swollen I could hardly see my toes. For months at a time I could only move around by crawling like a baby, and all this time I was under doctors' care. Four years ago I got a bottle of Veteran's Sure Cure; the second bottle cured me completely. I have now come 18 miles to get a bottle, as we would not be without it in the house." W. K. Merrifield, Seane's Block.

INVESTIGATE

BOARD OF WORKS

Trouble Coming For Someone In That Department

THE HOUSE NUMBERING

There is going to be a general shakeup in the Board of Works Department of this city, and judging from Mayor Stone's remarks to the members of the Council Monday night, it is likely that some resignations will be asked for ere long.

Mayor Stone remarked that it had come to a pass where there would have to be some changes made on the Board of Works staff of workmen. The system on which these men worked, he said, was far from satisfactory, and these conditions had existed for some time. There was a great deal of time wasted by these men in pottering around, and in running about from one job to another. A lot of time was wasted in such simple ways as going backwards and forwards for tools, and the men might be seen at time loitering around the city buildings waiting for their pay. This, he claimed, should not be, and there was someone at fault. It must be the fault of the department.

Mayor Stone has ordered an investigation into the manner on which the Board of Works is run, and the question will be considered at a meeting of the Board of Works committee of the City Council.

A COMMENDABLE SCHEME.

Ald. Austin, chairman of Finance, outlined his scheme for having the houses of the city numbered. Ald. Austin proposes to have the city numbered at a total cost of about \$90. His scheme is to have the City Engineer draw up a plan of the subsections of the city, and then have the numbering done by members of the Board of Works staff. The matter was left over till a later meeting to be finally dealt with.

ROUTINE MATTERS.

The Ladies Tailoring Company applied for permission to put up an electric sign. Referred to the Property committee and the Chiefs of the Police and Fire Departments.

Clarence Barfoot applied for the amount of money he would have received in wages had he been working during the time he was confined to the Isolation Hospital with alleged small-pox. Filed.

The Clerk of Sherbrooke, Que., wrote asking for information with regard to Chatham's steam heating plant.

The report of the Finance committee recommending that dog tags be purchased from Wm. Nichol at \$15 for 1,500, was adopted.

The Mayor asked the Finance committee to investigate the matter of the lawsuit between Mr. Atkinson and the city, which the latter lost by reason of the fact that contractors had been overpaid for work to the amount of \$250. The Mayor wants the committee to find out who the contractors are who were overpaid.

Mayor Stone and Aldermen Austin and Kerr were appointed by the Council to accompany the Kent delegation who will wait on the Ontario Legislature with regard to the Thames cut-off on March 18.

Ald. Kerr moved, seconded by Ald. Potter, that Fred. Spencer be given the contract for repairing the cemetery bridge at a cost of \$50.—Carried.
