The street authorities have been giving the streets the regular fall clean up this week. The leaves and other rubbish have been scraped out of the gutters and carried away for use in fertilizing the farms and gardens in the vicinity.

Word has just been received of the death at Toronto, of typhoid fever, of James E. Ferguson, formerly of Hantsport, who graduated from Acadia in the class of '94. Mr. Ferguson was a young man, highly respected by his professors and classmates who had deeply regretted his early death. He had just completed his law studies and had begun practice in Toronto.

We hear considerable complaint that the law with regard to the protection of game is being violated in so far as a part ridge are concerned. It is said that a number of birds have been shot in this vicinity, and that as the guilty parties are known an effort will be made to impose the penalty. The enforcing of the law in this particular would meet with very general satisfaction among our sportsmen, and perhaps prevent a further recurrence of the offence.

The meeting of Wolfville Division on Monday evening was an interesting and profitable one. Unfortunately it conflicted with the "welcome meeting" to the delegates to the W. C. T. U. Convention, but that was unavoidable as the rally had been arranged some weeks previous. There was a large attendance of members—five new ones being initiated at the meeting. An excellent programme of music, readings and addresses, and a well performed "scene" was given and much enjoyed by all. Suitable refreshments were served and the evening passed off very pleasantly.

The Wolfville Division is one of the oldest institutions in our town, and the members are looking forward to a successful winter's work.
