Behind the Line.

There's many a man here goes you
And told to stay behind.
Many a man who's keen and true
With breezy lungs, of a joint baker.
Pocket your pride, and set your jaw,
It isn't the time to whine!
Do what you can to help the war, and those in
the fighting line.
One needs to be steeled by a splintered shell
To cheer one's British prize,
Others can do their share as well
'Tis you, 'Tis you!
'Wounded before the war began,
Your job may be just as fine.
Doing your share as an earnest man behind
the fighting line.
Some must work while the war goes on
'Tis the duty of every man
And the daily duty of every man
Though glamour and glory be dead and gone
The chance to die on the field of fame may
be yours or mine.
But a Briton's honor all the same—
behind the line!

What Is Your Diet?

Canadians eat too much meat.
They are one of the three greatest
meat eating peoples in the world,
Australia and the United States being
the other two. High prices for meat
are coming. The cost of food as well
as its nutritive value should be con-
sidered.
Prof. James Long, the eminent
British authority, recently addressed
the following advice to the War Of-
fice:
'I am has three and a half times the
energy value of butter. Its value
lies in its richness and sugar—of
which one half its weight consists—
to the minerals present in the skins
of fruits, in its laxative character and
its mechanical aid to digestion.
'The sugar of fruit has a remark-
able effect on nutrition. Commercial
sugar, if eaten too freely, causes
irritation, acidity and other freaks
of indigestion.
'The most nutritious and useful
varieties of jam are those made from
plum, apricot, gooseberry and cur-
rant, but a mixture of plum and ap-
ple stand at the head of the list. Jam
should not be considered as a dainty
but as an article of food.
Dr. Frank T. Shutt, of Ottawa,
Dominion Chemist, gives us the fol-
lowing authoritative statement as to
the great importance of vegetables,
especially fresh or home grown. The
'importance in connection with small
gardens in towns and cities is very
apparent, and the subject is opportu-
nity at this time of the year. It may
be that a small garden will keep down
the doctor's bill.
'That many of the ills that flesh is
heir to arise from indigestion in diet
is a fact that more of us should real-
ize—and the earlier in life the better.
Many of us, and perhaps this applies
especially to those who live in the
city, eat too much. As a result, we
get too stout as life advances and
what is still more serious, an extra-
ordinary strain is put on certain of
the organs of the system in nature's
effort to get rid of the waste. Far-
ther, we who live more or less seden-
tary lives, eat too much meat; the
man who sits at a desk all day long
or stands behind a counter may work
as hard as the navy or ploughman,
but it is a different kind of work. It
does not call for the same amount of
strength. There is no necessity to
diet oneself by formula or to weigh
out what we should eat, but we ought
to be guided to a certain extent in
our eating by common sense
and the knowledge which science
furnishes respecting the requirements
of the body for the maintenance of
the vital heat, the development of
energy and the repair of tissue.
'As city people we might keep in
better health and live more cheaply if
we would eat less meat and concen-
trated foods and use more vegetables

Spring Reminders of Rheumatism.

RAW, DAMP WEATHER STARTS THE
PAIN, BUT THE TROUBLE LIES IN
THE BLOOD.
Spring weather is bad for rheuma-
tic sufferers. The changes from mild
to cold, raw, damp winds start the
aches and twinges, or in the most
extreme cases the tortures of the
rheumatic grip. But it must be born
in mind that it is not the weather that
is the cause. The trouble is
rooted in the blood—the changeable
weather merely starts the pain. The
only way to reach the trouble and to
cure it is through the blood. The poiso-
nous rheumatic acids must be driven
out. Liniments and rubbing may
give temporary relief, but cannot possi-
bly cure the trouble. The sufferer
is only wasting time and money with
this kind of treatment and all the
time the trouble is becoming more
deeply rooted—harder to cure. There
is just one speedy cure for rheuma-
tism—Dr. Williams' Pink Pills. They
act directly on the impure, acid
tainted blood. They purify and
strengthen it and thus root out the
cause of the rheumatism. Here is
strong proof of the above statements.
Mr. J. Koutley, Sydney, Man., says:
'I was badly crippled with rheu-
matism in my hips and knees that I
could hardly go about. I began the
use of Dr. Williams' Pink Pills,
which I took steadily for a couple of
months, by which time all traces of
the trouble had disappeared. I can
now strongly recommend the Pills to
all rheumatic sufferers.
Sold by all medicine dealers or by
mail at 50 cents a box or six boxes
for \$2.50 from The Dr. Williams'
Medicine Co., Brockville, Ont.

True Dignity of Girlhood.

We are likely to associate the word
dignity with men and women of ma-
turity, people who have achieved
something, who stand a little above
the rank and file. And it is a pity we
should have this idea, for dignity
should characterize girlhood as well
as maturity and old age. A girl's
dignity is not just like that of some
statesman or artist. It is a girl's dig-
nity, simple and sweet and unassuming.

There are some girls who are afraid
that dignity will interfere with their
popularity. They will shun to the
most casual treatment, mistakenly
imagining that they will be better
liked. The girl who allows her boy
acquaintances to call her by some
nickname, to address her in cavalier
fashion, to disregard in her presence
the little courtesies which custom de-
mands of his six towards hers, is sac-
rificing in vain. She is losing what is
her right, and gaining nothing in return.

Hints for the Housewife.

Several sheets of good thick brown
paper make an excellent substitute
for ironing blankets. Tack them to the
edges to keep them together. If
put away carefully each time after use
they will last some time, and all
that is needed when working is the
ironing sheet over them. A good
pad of brown paper or newspaper is
much preferable to try the iron upon
than a duster; the paper cleans the
iron, and if it is scorched it does not
matter.
It is a good plan to enamel grates.
If the hard enamel is used a bright
looking grate is obtained which only
wants dusting occasionally with a
damp cloth.
Marble topped washstands can be
successfully cleaned in this way: Add
a little turpentine to some warm
water and apply it with a clean cloth.
All stains will disappear, and if cleaned
regularly in this way the stand
will soon look like new. Polish
with a soft duster.

**TO
ENJOY
WINTER**
Prof. Frankland demonstrates
that **COD LIVER OIL**
generates more body-heat
than anything else.
In SCOTT'S EMULSION the
pure oil is so prepared that the
blood profits from every drop,
while it fortifies throat and lungs,
if you are subject to cold hands
or feet; if you shiver and catch cold
regularly; take SCOTT'S EMULSION
for one month and watch its good
effects.
15-40 REFUSE SUBSTITUTES.

Children's stockings first show the
wear at the knees. Before the stock-
ings are worn, take a deep tuck in
them just below the shoe top. When
they are worn at the knees, let out
the tucks and the worn parts will
come too high to be noticed when
mended.

A flower pot can be made in the
following way: Procure a lard bucket,
remove the handle and scour it per-
fectly clean. When quite dry ename-
l it white inside and out. Paint the
metal bands, if there are any, with
gold paint. Buy two little brass
handles or knobs and screw them on
in place of the handles and you have
a good pot for plants, etc.

Always buy meat with some fat; it
ensures that the rest of it is of a bet-
ter flavor.

A Weak Chested Boy.

'My boy Frank seemed weak chested
and took a severe cold,' writes Mrs. D.
Stevens, Nings, Man. 'The many medi-
cines used did not seem to benefit him,
until we tried Dr. Chase's Syrup of
Lissard and Turpentine and found it to be
exactly what was wanted to cure him.'
No treatment is so thorough, and effec-
tive as a cure for croup and bronchitis.

Sore Absolutely Painless Corns Go

No cutting, no plasters
or pads to press the sore
spot. Putnam's Exten-
sor makes the corn go
without pain. Takes out
the sting over night. Never falls
leaves no scar. Get a 25c bottle of Put-
nam's Corn Extractor 8-day.

So you went to church last Sun-
day? asked the doubtful one. 'Then
to prove it, what was the text?'
'The text was, 'He giveth his
loved sleep.'
'You're right. How many of the
congregation were there?'
'All the beloved, it seemed to me.'

Predicts the Tides.

A machine known as the United
States tide predicting machine No. 2
and which is in daily operation in the
United States geodetic survey at
Washington, makes mathematical
calculations which would otherwise
require 100 persons to do.
Its work is nothing less than the
predicting of the times and heights of
high and low tides a year in advance.
Its mechanism is of brass and steel,
it has a huge mahogany and glass
case. Its tender turns a crank and
copies off on paper the reading of
several dials and later removes from
the machine a roll of paper on which
is plotted the tidal curve for the par-
ticular spot along the coast the tides
of which have been predicted.

One.

One mischievous boy will break up
school.
One false alarm will create a panic.
One false step will cost a life or
ruin a character.
One hasty act of legislation will
entail untold hardships.
One muckraker will bankrupt many
a business.
One vote will decide an election.

Eczema and Sore Eyes.

'My daughter suffered from inflamed
eyelids and eczema on her head,' writes
Mr. H. W. Lear, Port Landford, Nfld.
'The child was in a bad state and suffered
greatly. The doctor failed to help her,
and on recommendation of a friend, I
used Dr. Chase's Ointment, which made
a complete cure. With a grateful heart
I write you this letter.'

'You are not very happy in this
house,' friends remarked to the renter.
'No, I can't say we are.'
'Your ceilings are falling.'
'They are, and they isn't all. Our
roof leaks, our cellar fills with water
every time it rains, our radiators
thump, our furnace is too small for
the house, its appetite is too large for
our income, our gutters have rusted
away, the porch sags, the house has
not had a new coat of paint for seven
years, the wall paper hangs loose in
every room and the chimney is
shorter after every wind storm.'

A. E. Regan, Wolfville

I had a dreadful fall last night.
Tell me of it, Egbert.
My wife was talking; I hung on
every word, and then, and then—
'Yes, yes, and then?
Her voice broke.'

Operation Decided On As Only Means of Relief

But the Writer of This Letter Resolved to Try Dr. Chase's
Ointment First and Was Cured.

This is not an isolated case, for we
frequently hear from people who have
been cured of piles by using Dr.
Chase's Ointment. It is a well-known
fact that a physician who has had
experience in the treatment of piles
has told them nothing short of an
operation could bring relief and
cure.
If you could read these letters, con-
taining the names of the sufferers, you
would realize what a wonderful curative
agent Dr. Chase's Ointment really
is. Few ailments are more annoy-
ing or more distressing than piles, and
when this suffering is promptly re-
lieved by the application of Dr.
Chase's Ointment there can be no
doubt as to where credit is due.
Friends and neighbors are told of the
results and so the good word spreads,
and Dr. Chase's Ointment is becoming
known far and wide as the only
actual cure for piles or hemorrhoids.
Mr. Charles Beauvais, a respected
citizen of St. John's, Que., writes—
'For 14 years I suffered from chronic
piles or hemorrhoids and considered
my case very serious. I was treated
by a well-known physician who could
not help me, and my doctor decided
on an operation as the only means of
relief. However, I resolved to try Dr.
Chase's Ointment first. The first box
brought me great relief, and by the
time I had used three boxes I was
completely cured. This is why it gives
me such great pleasure to recommend
Dr. Chase's Ointment to everybody
suffering from hemorrhoids as a pre-
paration of the greatest value.'
Dr. Chase's Ointment, 50c a box, a
dealer, or Edmondson, Bates & Co.,
Limited, Toronto.
