

THEY GRANT THE REQUEST

But Commissioners Want City To Buy Out Mr. Fitch.

What Well Known Citizens Think of Water Controversy.

Looks Like Another Storm Brewing In Ardermanic Circles.

The Beach Commissioners have sent the city a letter granting permission to scoop out the middle road between the two filtering basins. They also state in the letter that they think Mr. Fitch is entitled to some compensation, and advise the city to buy him out. There is a chance that this will be done if Mr. Fitch names a price which the committee considers fair. Chairman Clark, of the Fire and Water Committee, says he thinks the city should get possession of this property. The commissioners, he thinks, will grant Mr. Fitch a license further up the beach, and this would make a difference of about \$2,000 in the price. He suggests that the buildings might be moved to a new site, the city paying the cost and price of the land. Mayor Stewart has another idea. He believes the hotel would make a good home for the caretaker. If Mr. Fitch is to be bought out, the Mayor says \$4,000 must be the limit.

Myles Hunting, caretaker of the filtering basins, was at the City Hall this morning, and announced that over half of one of the basins has been cleaned out. Prominent citizens who are sufficiently interested in the water question to investigate the work being done at the basins for themselves have declared that the sand-sucker is making a good job. Among these are Dr. S. B. Nelson, pastor of Knox church; Mr. B. Tasker, St. Paul's; and Mr. A. McLaughlin, who were down there yesterday. Ald. McLaren said this morning that he was surprised after looking at the stuff being taken out of the basins to find that there was no disturbance in the water. He is quite tickled with the job the sucker is making.

From the buzz of excitement in civic circles since the Council meetings this week there is going to be another storm before the atmosphere is cleared. It is scheduled for the next Council meeting and will be introduced, it is said, in the shape of a resolution of censure on the press for its criticism, that is, of course, if those who are trying to work it up succeed. Some of these aldermen say that if Mayor Stewart is sincere in his promise that everybody will have to get the scratch, it will be up to him to set an example by seeing that the meetings start promptly at 8 o'clock. The Mayor says that frequently he has been delayed at the last minute by committee meetings before the Council and other things, but that the Council will be under way on the stroke of the clock after this.

There is considerable conjecture in municipal circles as to what result, if any, will be effected by the effort begun to abolish the present aldermanic system for a smaller Council and a larger number of commissioners or councilors. Ald. McLaren said this morning he believed the city should be divided into four wards, with three aldermen for each and a board of control.

It looks as if the city was going to experience a long delay in getting the switch into the new yards on account of the squabble between the G. T. R. and Street Railway. The latter company's injunction was extended another week yesterday. Superintendent Gillen, before leaving Hamilton, promised that if the company's solicitor held the same opinion as he did that the Railway Commissioners' order overruled the injunction, the work would be gone on with.

M. J. O'Reilly, representing the Separate School Board, and City Solicitor Waddell and City Clerk Kent, looking after the city's interest, are taking up the question of Separate School taxes today, with Judge Snider as arbitrator. They are going over the books to see if it is true, as claimed, that a number of Separate School supporters were wrongfully assessed as Public School supporters.

Building permits were issued today to Arthur Williamson for two frame houses on Barton street, between Victoria avenue and Emerald street, to cost \$1,400, and to F. J. Rastriek & Son for a brick store and dwelling on Locke street, between Bond and Melbourne, for Thomas Fanning, to cost \$3,000.

The delay in getting cement forced some of the sidewalk gangs to lay off today. There is a car of cement on the tracks, however, and Secretary Benman will arrange to have it distributed before Monday.

FREIGHT WRECK.

Accident on the Wabash at Cayuga This Morning.

A railway wreck, which fortunately was not attended by loss of life, took place on the Wabash road at Cayuga this morning. Two freights were involved. One was following the other and crashed into it. The engine of the second train was wrecked and the caboose and two freight cars of the forward train were teleported. The road was blocked all morning. Two train hands, both belonging to St. Thomas, were badly injured.

Changes in C. P. R. Muskoka Schedule.

On the new schedule trains will leave Toronto for Bala and Muskoka Lakes at 9 a. m. and for Craighurst at 6:15 p. m., southbound leaving Craighurst at 7:45 a. m. and Bala at 3:40 p. m. all daily, except Sunday. Further information desired can be obtained at C. P. R. city ticket office, King and James streets.
