## A Beautiful Picture.

Probably the most remarkable picture of the age is Christ Leaving the Precincts now on exhibition in the Dore Gallery—London—England. It was begun immediately before the opening of the Franco-Prussian war and the horrors of the siege and commune was kept folded up and buried in a place of security un injured by shot and shell. For several years it has been on exhibition in London and has attracted universal attention being considered the principal feature of the wonderful Dore Gallery. The canvas measures 40 feet by thirty, on which are painted some one hundred and seventy distant figures, the central one being Jesus leaving Pilate's Judgment Hall for the place of crucifixion. The scene as depicted by the renowned artist is one can never be forgotten. The publishers of the Montreal Witness have had this picture faithfully reproduced. Every subscriber to that paper who, in renewing their own subscription, sends that of another person not now a subscriber, is entitled to a copy of the picture and the new subscriber gets one as well—each paying but \$1.10, the usual price of this paper. The picture is only supplied to subscribers of the Witness who, if they do not get the second subscriber may have the picture by sending 25 cents in addition to the ordinary subscription of \$1.10
