

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 175 pounds I went to 115. I would get so weak at times that I could not stand. I began to take Lydia E. Pinkham's Vegetable Compound, and in a few days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds and you can see what it has done for me already. My husband says he knows your medicine has saved my life."

—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

LOGGIEVILLE

Loggieville, Sept. 11—Great success attended the efforts of the members of the Red Cross Society in the Rink Party held on Thursday last. The weather was disagreeable, a rain storm setting in during the afternoon, but it did not seem to dampen the enthusiasm of the promoters of the affair, nor of the would-be patrons. The interior of the building was made bright and cheerful with cut trees and other decorations. Everything within presented a home-like appearance. The tea room was prettily trimmed in yellow and white the table bouquets being Golden Glow. A most appetizing supper was served to a large number. Amusements of various kinds were provided, all yielding good returns. Some of the centres of attractions were the shooting gallery, cats, goose exchange, fortune telling, refreshment booth, etc. Several guessing contests were carried on. SEPTEMBER ROD AND GUN

September Rod and Gun is a good one to put in the late summer vacationist's knapsack. Such stories as "The Hide Builders," Bonnycastle Dale; "Two Weeks Without a Cat," T. N. Hewitt; "Duck Hunting on the Small Sloughs," George Belton; "A Cruise in the Sloop Katharine," Austen Saunders; "The Time, The Place the Game," Archie McKinnie; and "Fishing in Little Streams," Reginald Gourlay, make the vacationist glad he went and the stay-at-home man sorry he can't go and maybe determined to get away into the north woods when the hunting season comes on. Among the special departments, that devoted to dog men's interests, The Kennel, contains this month a full report of the recent Regina Dog Show. Rod and Gun is published by W. J. Taylor, Ltd., Woodstock, Ont.

ASHAMED OF THE PIMPLES

PIMPLES and skin eruptions always seem to come where they are the most noticeable, and consequently most embarrassing to the person so unfortunate as to have them.

The most satisfactory treatment for pimples and skin eruptions is Dr. Chase's Ointment, applied at night after bathing the skin in warm water. Instead of clogging the pores, as do powders, Dr. Chase's Ointment cleanses them and promotes the healthy action of the pores of the skin.

By its antiseptic action this ointment destroys poisonous germs, and thereby prevents the development of eczema. There are scores of ways in which Dr. Chase's Ointment is useful in every home.

PIMPLES AND BLACKHEADS.
Miss Corrie Altwater, Bitter Lake, Minn., writes—"I was entirely cured of pimples and blackheads some months ago by using Dr. Chase's Ointment. As I have also found this ointment a splendid treatment for sunburn and chapped hands, I would not be without it in the house. It is the best I ever used."

COAL and FENNIMORE COOPER

D. & H. Line.—Cliffs on shore of Lake Champlain.

THE great industrial wealth and the wonderful historic interest of the country served by the Delaware & Hudson Company give special interest to the linking up of this company with the Canadian Pacific Railway. It is the country of anthracite coal, and it is the country of Fennimore Cooper, whose tales of the French and Indian wars are known to every schoolboy. In spite of Mark Twain's joke, that the Indians of Fennimore Cooper were an ancient tribe that never existed, the country round Glen Falls, Lake George, Otsego Lake, and Fort William Henry is dotted with localities identified with the Last of the Mohicans, and Leather Stocking. The hunting and fishing grounds of the Five Nations and the Algonquians are now famous hunting and fishing grounds for tourists, who find in this rugged lake and mountain scenery of the Adirondacks the scene of many a happy holiday. Coal is the industrial background of the D. & H. and the demand for coal in Canada today makes the value of the connection between this railway and the C. P. R. all the more apparent. It was to carry coal that the canal from Roadcut on the shores of Hamilton, Pennsylvania, and the connecting gravity railroad from Carbonate to Honesdale were constructed. The "Stewbridge Lion," the first locomotive that ever turned a wheel on any railroad in North America, was imported by the Delaware & Hudson Company for use on its railroad, making the first run on August 3, 1825, eighty-eight years ago. The canal was enlarged, and at one time carried 3,000,000 tons of coal annually, but in 1899 the greater convenience of self-hauling was realized and the canal abandoned.

Plattsburg, Westport on Lake Champlain, Ticonderoga, Lake George, Saratoga Springs, Troy, Albany, Binghamton, Scranton, and Wilkesbarre are some of the best known points on this important railroad. To Montreaters it is particularly well known as an exceptionally picturesque and comfortable route to New York, connection being made with the New York Central, so that passengers arrive at the Grand Central Depot in the heart of the great city.
