DENIES KNOWLEDGE OF NEWCASTLE FIRE

Daniel O'Brien, arrested recently in St. John for an alleged break in a drug store in St. Stephen, denied all connection with the fire which destroyed the business premises of J.D. Creaghan Co. Ltd. in Newcastle; N.B. H.H. McLellan chief fire marshal for the province said that O'Brien had been quizzed in connection with the fire but that he had denied all knowledge of it or of having anything to do with it. O'Brien was taken to St. Stephen.

SAVED FROM AN OPERATION

Restored to Health By Taking "Fruit-a-tives"

Made of Fruit Juices and Tonics
The most convincing proof of the true worth of "Fruit-a-tives" as a medicine for women is found in the letters written by them to "Fruit-a-tives". For instance:
"I suffered with all the symptoms of female trouble, pains low down in the back and sides, constipation and constant headache. A doctor advised an operation. I started taking "Fruit-a-tives" and this fruit medicine completely relieved me of all my misery".

Here and There

In response to the appeal of the University of Bishop's College, Lennoxville, Que., for \$500,000, to meet present needs, the Canadian Pacific Railway has supported the plea by subscribing \$15,000 to the fund.

Canada will soon be the mecca of many moving picture directors, according to Herbert Brenon, producer for Thomas Meighan, who recently arrived at Banff to film the big outdoor scenes for James Oliver Curwood's "The Alaskan."

The fish catch of the world approximates \$1,000,000,000 a year in its cost to the consumer, of which \$780,000,000 goes to those who harvest it, statistics furnished by the United States Fish Commission declare.

The value of the tourist traffic to Canada is proved by figures supplied by the Parks Department of the Dominion Government, which show that the enormous sum of \$136,000,000 was spent by tourists in this country in 1923. This represents the Dominion's fourth largest source of foreign cash income.

On her arrival at Quebec, June 14, the Canadian Pacific steamship "Empress of France" broke the record for the fastest time made between that port and Southampton, England, from which she sailed, having maintained an average speed of over 19 knots. This vessel also holds the record for the run between Quebec and Liverpool.

Arrangements for the Pageant of Empire, to be held at the British Empire Exhibition July 21-August 30, are now rapidly completing. Episodes showing the history of Canada and the other Dominions as well as of the Mother Country from the earliest times to the present day are being organized with the assistance of prominent residents of the Dominion now in London.

Hon. J. E. Perrault, Minister of Colonization, Mines and Fisheries for the Province of Quebec, on his return from a recent extensive trip to the Temiscaming district of that province, stated that there were over 2,000 prospectors exploring the gold-fields of Quebec and at least a million dollars would be expended in development work in the region during the course of the season.

According to figures prepared by the freight department of the Canadian Pacific Railway, the export grain movement via Vancouver reached a total of 48,971,930 bushels on May 31, 1924, compared with a total of 17,387,715 bushels as on May 31, 1923. In each instance the figures cover the crop year commencing September 1st. The increase is therefore 31,584,215 bushels or 181.5 per cent.

Enthusiastic celebrations took place at Vancouver and Victoria, B.C., when the special service squadron of the Royal Navy, headed by H.M.S. Hood, the largest warship in the world and flagship of the squadron, visited those places recently. The squadron is expected on the Atlantic seaboard in August, when efforts will be made by Canadians on that coast to outdo the Pacific cities in the warmth of the welcome they extend. The anticipations are that thousands of visitors will gather at Quebec and elsewhere to demonstrate their affection for the officers and men of the fleet.

"You may say that Canada is becoming more and more interesting to Englishmen and before long additional English capital will be used here in the development of industries. I am very optimistic and I believe that we are now progressing towards an era of unprecedented prosperity. What we need more than all now is the immigration of good men who will become an asset to this country," declared Sir John Aird, President of the Canadian Bank of Commerce, on his return, from Europe recently aboard the Canadian Pacific steamship "Empress of France."

THE DECLINE IN CHURCH-GOING

Many explanations are given to account for the decline in church-going in recent years. Some assure us with great emphasis on the sermon and not enough on worship. The first question that is asked of a prospective pastor is "can he preach? If not, all his other desirable qualities may be overshadowed. The people go to hear the new minister; not to worship God, not to hear the Bible read and explained, not to join in praise and prayer. The shrine is eclipsed and sermon idolatry is established. When the service is over the minister's voice delivery, dress, enunciation and appearance are made the subject of the talk, of criticism or approval. This attitude, in turn, is the mother of sensationalism. If the sermon is the end-all of the service, the minister comes to feel that by hook or crook he must make the ears of everybody hearing him engage. He must out-do the minister across the street and hold his congregation. Other activities go by the board, the Sunday School cannot be allowed to drag him of his strength; visiting must be curtailed; the young people's meeting left to run itself. The people come to talk of the "preliminary service"—the prayers; reading of Scripture; singing of hymns meant to soothe; inspire and uplift the soul; all come to be regarded as preliminary to the sermon. For the sermon the minister explores every avenue; ranges every path for some new thing to pickle the palates of jaded sermon-tasters. Indeed a recent writer in the Atlantic Monthly has gone so far as to speak of the preliminary period of involuntary detention before the sermon is reached as a serious handicap to the preacher that to arouse the people from the listlessness thereby induced the preacher is often tempted to attempt a more sensational style than is wholesome. It is generally conceded that week end excursions to the country districts are the main cause of sparse attendance at the present time—Exchange.

MEDICAL INSPECTORS' CONFERENCE
