TIMB TABLE, G. T. R In common with the Ratepayers of oth BUTTALO & GODERICE LINE.

DEPART. ARBITE. .3.30 p. m.

Huron Signal. GODERIOH, JUNE 9th, 1670. THE COUNTY PRINTING FOR

tion, on account of the form of the Schedule, of a certain number of extr column rules gave him a right to charge for nine columns' space. We accordingly submitted this phase of the matter to the Government of the U.S. and Britain David Wylie, Esq. of the Brockville Re-covder and President of the Press Associa-tion, the eldest practical printer in ful shores from the citizens of a power with Canada, in the following terms :-- "Dear which, as a power, our relations are per-

Sir, a question has arisen with reference to fatly an icable 1 These petty incursio the printing charge for the Schedule of upon our borders have not been made be-Convictions for Huron. A party makes a cause there is anything in our system of tender to print the Schedule at so much Government derogatory to the civil or per line. The page of his paper contains religiousliberties of Roman Catholic Irish. 5 columns of his erdinary news and adver-tising measure For that he proprozes to the whole world to point out a country 9 columns this being the number of wiere the lives and liberties of the sub the rules introduced on account of the ject are more firmly secured - where a man formation of the Schedule. What should can more freely enjoy his religious belief be the number of columns charged in such an 1 express his honest convictio according to the waage of the where the persevering efforts of hone a case -according to the wage of the while the perserving enous or nonest press?' The reply was distinct and de cisive :- "It would be imposition is count more than five columns." We object to the Expositor securing the County Print. to destroy the power of Great Britain by ing by making a pretence of tendering low publing and devastating a few Canadian atil then being allowed to overcharge as namlets. These men are citizens of the atil then being allowed to overcharge as nuch as he pleases when he renders his account It will be the duty of the Conn-ell in the interests of the raterayers of the Connty to make a strict investigation into-this matter. We have made no accusation we are cut prepared to substantiate, and are quite willing the Conneil should secure the assistance of practical printers from antside the Council should secure the test of the total of the test of the test of the test of the total of the test of the total of the test of the total concel, when his con-science is elastic encode, by men his con-science is elastic encode, by men his con-science is elastic encode, by the men his tor-science is elastic encode, by the men his con-science is elastic encode, by the min the con-the Sequence of the total or the state of the total paper. It is very easy for the Sequence to the total by the principal to demands encoded by the test of the total of the the Expected to tonder low, when his con-science is elastic enough to permit hin to consider his tender as a deal letter as soon as accepted by the Council, and proceed to charge for the work when completed as he finds he should have tendered for it. We Gouncil to take decided action in the pro-mises. For the guidance of the Council, the following rule may be of service :-When advertising is tendered for at a-much per line, the image is the service in the total service in the total of service is the connection of \$1000 for the purchase of a service is the service in the total service is the service is the total service is the connection of \$1000 for the purchase of a service is the s

When advertising is isondered for at so propriation of \$1000 for the purchase of a much per line, the breadth of a line is the lot and the erection of a School-house in breadth of the ordinary column of the St Davids' Ward and the amount of \$352, but a made the propriation of the second of the Expositor the second of the s paper. In the case of the *Expositor* the sype used is *brevier* which measures exact-for outhouses erected on the Central ar nine lines to the inch. Calculating on School grounds. Deducting these amounts by per used is orrest which measures exact-ly mine lines to the inch. Calculating on this basis, the Council will be able to as-certain whether the Expositor has charged for advertising justly or exorbitantly. It will not be enough to investigate the cases of extrain instanced by us merely as appecimens. The whole account of the Ex-positor wants overhalling. The rate pay-location to be taken at the pre-baside Ward, which recommendation was mere meeting the Charged and the case of the purchase of Lots 277 and 230 Huron to description of the Charged and the case of the purchase of Lots 200 Huron to the purchase of Lots 200 Huron to the Ex-positor wants overhalling. The rate pay-location to be taken at the pre-baside Ward, which recommendation was pret meeting the Charged and the case of the second mered by the mered proved preton to be taken at the pre-baside Ward, which recommendation was

At 4:30p. m: on Monday, 6th June, th er Countics in Ontario-Middlesez for ex-Council met in the Court House, Goderich npl.-the people of Huron are becopursuant to adjournment from last meet-ing, there being present, the Warden in the chair, Mesurs Armstrong, Dalton, Young, Farran, Horton, Shepperd, Patton, Leokie, Carrick, Perkins, Wade, Morrow, ming deeply impressed with the absolute necessity of doing away entirely with the tolls on our gravel roads. To keep parties at the various toll gates costs betwee Shannon, Govenlock, Kelly, Hingston, McCaughey, Simpson, Castle, Greenway, six and seven thousand dollars every year, to any nothing of the maintenance of the toll houses, repairs to gates, &c. It is easy to see that this sum would be quite an item towards keeping up the reads. Of ourse, se considerables um is realized from the gates, but, as the ratepayers them selves have to pay the shot, would it not to a far wiser plan to raise the amount re-quired for gravel road repairs by ordinary taxation f Indeed, we are satisfied that if the vote were taken to morrow, nineteen out of every twesty would decide in favor of the Northern Gravel Road. In justice referred to would have led to pretical re-sults ere now were it not for the bag-bear to to the poole of the Northern townships that question should be settled without to say nothing of the mainten of the
