A good tooth and skin wash is made

same as prepared.

Birtly potetoes may be easily producby placing the seed-tubers in a
rm place until they aprout, then outgithem into note, but taking care not
break the aprouts. Coyer them up at
that with mats or straw.

The pusseled Dutchman—A Baptist Story,

One who does not believe in immersion for baptism was holding a protract
ad meeting, and one night preached on
the subject of baptism. In the course
of his remarks he said that some believe
it meesmary to ge down in the water,
and come up out of it, to be baptised,
but this he claimed to be a fallacy, for
the preposition "inte" of the Scriptures
should be rendered differently, as it
form not mean into as all times.
'Wilsons,' he said, "we are told, went
up into the mountain, and the Savior
was taken up into a high mountain, etc.

The Farm,

not to mash it; or better, put it into your butter-worker.

Salt it an ounce to the pound, or to the taste of good customers; only with the best salt, and free from lumps or coarsencess. Work the butter only so much as to expel the milk, but not to work it too dry. This can only be done by a weak brine prepared for the purpose. Put the bowl away in a collaboration. Their shandy is about nine miles from Huntaville, on the East News After standing twelves rewenty. place. After standing twelve or awanty hours gently press out with a ladle or machine, the remaining buttermild, and any brine that will flow out with it, eare being taken not too work it too much. If thus is done the butter has lost its grain and becomes salvey, and its keeping qualities are greatly injured.

PACKING.

Raity potetoes may be easily produced by placing the seed-tubere in a sum place until they aprout, then outset them into sets, but taking care not break the sprouts. Over them up at ight with mats or straw.

The pursical Dutchman—A Saptist Storm of the pursical strains of the strains of the

the searched this ideas out fully, and in market the search of the searc The Prespects of Manitoba.

twenty-five feet the descent is pe dictular, then there is a signif projecting point; to the river below, seventy-five feet, the descent is but a few degrees out of the perpendicular. Among other teamsiers came George Campbell, of Cambridge, Victoria county, Ont.; with a huge load of aw logs. He was walking beside his load, between it and the refliing bank, when the rear end of the sleigh slid over the bank and Campbell jumped for his life over the precipice. He landed on the projection after a flight of twenty-five feet. The horses and load took athrough ticket to the pile of logs in the river. The sleigh was a total wreck, but strange to say, the horses escaped with a few cuts. The week, but strange to say, the horses escaped with a few cuts. The week, but strange to say, the horses cacaped with a few cuts. The surface, but strange to say, the horses cacaped with a few cuts. The strange to say the horses cacaped with a few cuts. The country of the surgeon there was the backs of three men to the shanty. On the arrival of the surgeon there was nor were there any extensive abrasion

He was, however, suffering severel

and had been badly shaken upand had been badly shaken up. The height of the precipice and the circumstances of the accident are a tested by the foreman, Mr. G. McCo-mack, and by several reliable settle at work in this shanty.
