The peo-ple of Goderich may justly pride them-selves upon possessing in their midst a tailoring establishment which is second to none in this Province. It may be hardly necessary to state that the one here referred to is that splendidly equip-ped and palatial establishment conducted by the Pridham Bros. The reputation of this popular and enterprising firm is by no means confined to Goderich and country tributary. Its name is known far and wide, and work turned out by the firm not only finds its way all over the Dominicn, but also into the centres of fashion in the United States such as Chicago, Detroit, St. Paul and other large cities. The building is indeed a pelatial establishment, situated on the square, It is about 100 feet long by 40 feet wide, and the most beautiful barmony in the srangement of goods, departments, &c., is displayed. The stock consists of as fine a class of goods as the markets afford, and comprises princiually imported goods.
