Prospects Encouraging Plenty of Bait.

The following reports have been
received by the Board of Trade:—
Sept. 2nd. From J. Devereaux,
(Cape Race to St. Shott's).—The
catch to date is 9470 qtls. with 80 for
last week. Two motor boats and 40
dories and skiffs are fishing. The
dories get from 1 to 2 qtls. daily when
bait is obtainable but neither squid
nor herring are plentiful. There is
a good sign of cod on the grounds
and prospects are fairly good.

Sept. 2nd. From T. McCarthy,
(Renews to Seal Cove).—There is a
good sign of cod but dogfish are nu-
merous and are hindering operations.
The total catch is 3950 qtls. and for
last week 700. Seven boats, 18 dories
and 27 skiffs are fishing. Prospects
are fair and there is plenty of squid.

Sept. 2nd. From R. Brown (Upper
Amherst Cove to Cape L'Argent).—
Prospects for the Fall fishery are very
bad. The fishermen say the inside
grounds are clean and there is prac-
tically no cod on the after grounds.
Squid is very scarce, not half en-
ough for bait being obtainable. About
300 dories and skiffs and 15 large
boats and motors are fishing. The
catch is 14,500 with 500 for last week.

Sept. 2nd. From W. White (Eng-
lish Har. to Spaniard's Cove).—The
men with motors and trawls who go
to the centre of the bay secure excel-
lent catches and hand liners get from
½ to 1 qtl. daily. Squid is plentiful
and prospects are very good. The
catch 18970 and for last week 530.

Sept. 2nd. From W. J. White
(Aguaforte to Caplin Bay).—The total
catch is 7476 qtls. with 1004 for last
week. Mostly trawls are being used
and with very good results. Pros-
pects are very encouraging and there
is sufficient squid bait. Six whale
boats and 85 dories and skiffs are
fishing.

Hot Weather

Philosophy.

In this hot weather it will make us
feel a little more comfortable to think
of cool things, like snow and ice. So,
first let us remember that there is a
wet season ahead, and after that the
snowy and frosty season. We shall
have to be out in all kinds of weather,
and the only way to enjoy life under
all the different conditions is to be
comfortably clad. For instance, if
your feet are encased in nice, stylish,
well-fitting Bear Brand Rubber Shoes,
the state of the streets will not worry
you in the slightest degree. Of
course, nobody is buying rubber shoes
just yet, but the time will soon come,
and then, isn't it better to buy one
good, well-fitting pair that will last
you the greater part of the winter,
rather than half-dozen pairs of
shoddy shoes, that you will always
find broken on the mornings that the
slush is inches high?

INVITATION TO AUTUMN.

Come, gentle
Fall! Imperial
Autumn, come!
Heat long en-
dured has knock-
ed us out of
plumb; sagged in
the back and
wabbly in the
knees, humbly we
beg a breath of
Autumn breeze.
Long have we
watched the red-
hot days drag by,
panting and sick beneath a well-done
sky; as people long, when Winter has
its fling, long for the glow and
genial warmth of Spring, so do we
yearn, our backs against the wall,
yearn for your chill. O life-preserv-
ing Fall! Bring on your frost, re-

gardless of expense! Bid Summer
quit, bid heat go humping hence!
Withdrew we stand, a weary, washed-out
band, hoping that snow will come
and 'hide the land, muttering low,
amid the endless heat, 'Fall, when
you come, bring forty kinds of sleet!
Let every gust be born of arctic
snows, freeze all our ears, put chil-
blains in our toes! Cover our spin-
ach with a coat of rime, let us be
cold, for three months at a time! Let us
repeat, ere heat hath made us
dumb, Come, gentle Fall, imperial
Autumn, come!

Everyday Etiquette.

"How should one congratulate the
bride and groom after the ceremony?"
asked Lillie.
"After shaking hands with the
bridegroom it is sufficient to simply
say, 'Heartiest congratulations,' supple-
mented by whatever other remarks
the degree of your acquaintance war-
rants. It is quite proper to wish the
bride much happiness in whatever
manner you can most gracefully
word it," answered her aunt.

Household Notes.

A little jar of salad helps out a
school child's lunch greatly. Choose
the jars with covers that screw on.
A good cocktail is made from red

raspberries and diced oranges, or
watermelon and diced pineapple with
lemon juice.

Leftover corn and tomatoes can be
made into an excellent chowder with
the addition of sliced potatoes, milk
and seasoning.

Tanned shoes should always have
a professional polish put on before
wearing; then scratches will affect
only the surface.

An excellent celery salt can be
made at home by drying the celery
leaves, crushing them to a powder
and mixing with salt.

An easy and quick way to clean
tarnished silver is to boil it in water
to which has been added a small lump
of washing soda.

Fine linens and pieces of lingerie
will last much longer if they are
wrung out by hand and not put
through the wringer.
