Red Indian Lake Notes.

Red Indian Lake is now frozen over and Mr. George Squires of Millertown has made a 25 mile trip arriving at Harbour Round on Feb. 5th. He reported the ice in safe condition and the Lake way to Millertown will be used in preference to the Victoria Road, as the former is more conven-! ient for both men and traffic.

Although the river has not proved very satisfactory on account of the lack of frost, the employees of the Millertown Lumber Wood have been giving satisfaction in getting mails and freight up and down to the camps. The friends of Capt. Henry Ryles will be pleased to hear that his health. which had been very poor during the autumn, is now greatly improved .-Millertown, Feb. 4, 1921.
