To the Dover Patrol.

ials yet conceived has been erected on the great French headland known as Cap Blanc Nez (Cape flag of Admiral Sir William Paken-White Nose) which juts out into dam, but the message does not state the English Channel from Cal- if he is remaining at the scene of the ais, to a distance of six miles. This memorial is in the form of an chelisk, its height been one hundred and twenty feet above the highest level of the Cape, Press dispatch (News Service) to-day and it has been erected in perpetuation of the service and sacrifice of the men of the Dover Patrol (French) who rendered a service of surpassing value, during the war, in protecting the transport of millions of troops across the silver streak dividing England from France. This memorial was ordered and erected at the instance of an English organization as a tribute to the French sailors who co-operated with the British in patrolling the Channel during the period of the late war. At the dedication ceremony which took place not long ago, both the British and French nations were repreed officers of the two armies, and official spokesmen of their governments. Citizens, sailors and poilus were present in thousands: ships passing, stayed their courses to permit of their crews witnessing the ceremony. weather conditions marked this unique occasion, and at the close the allied comrades-in-arms, joined in the singing of "God Save The King" and the French battle song "La the Labrador." The other is to be a Mr. Ripley leaves by the Rosalind Marseillaise." The inscription picture of the interior. The actors on Saturday.
