THE CANADA OYSTER BEDS.—Various parts of the Gulf of St. Lawrence were dredged last year with the view of determining the oyster beds of Canada. Further operations of the same kind will likely be carried on this year, when valuable information will likely be gleaned, and beneficial legislation based upon it for the purpose of preserving and propagating the bi-valves. Mr. Whiteaves, who conducted the survey, thinks that the beds lie mainly in shallow water, say three fathoms, though found up to seven fathoms in depth. They are found in every river and tidal bay in Prince Edward Island, in Cape Breton along Bras d'Or lake and its tributaries; in New Brunswick along the entire coast, and in Nova Scotia in several harbors on the Atlantic coast; as also in Pictou harbor and elsewhere in Northumberland Strait; but they will not live in the Bay of Fundy. Perhaps, because of the extraordinary tides.

THE DAIRYMEN'S ASSOCIATION.—We have received a copy of the Seventh Annual Report of the Ontario Dairymen's Association, with report of the business done at the last annual Convention. It will be found of great interest to every one engaged in the dairy business or in the manufacture of cheese, as it contains a great deal of information, especially on the latter subject. In connection with this, we may state that the annual Cheese Fair, under the auspices of the Association, will this year be held at Belleville, on October 6 and 7. Over \$500 in prizes will be offered for competition. Cheese for competition is to be as follows:—Two cheeses made in July, one on the 22nd, and one on the 29th July; two cheeses made in September, one on the 1st, and one on the 8th September; each cheese to weigh not less than sixty pounds; to be judged and awarded prizes on their merits and excellence for shipping purposes to the English Markets; to be the actual make of the date named.

It is alleged in Ottawa that Mr. Dwight, the Western Superintendent of the Montreal Telegraph Company, is employed as an agent of the American Associated Press, and compiles news for it from private press despatches that pass over that Company's wires. The newspapers of that city intend to take steps to have this gross breach of confidence investigated in the proper quarter.
