Surplus of 1908 reunion to date \$10,059 41 \$10,059 41 \$6,993 44 \$6,993 44 We beg to report that we have examined the accounts and vouchers of the London Old Boys' Association for the reunion of 1908, and find the result to be as set out in the above statement. The amount standing at the credit of the association in the Dominion Savings and Investment Society on Dec. 10, 1906, after entry of transactions apparently belonging to the 1905 reunion, was \$421 01, to which \$23 83 interest was subsequently added, making a bal-

ance of \$444 84 with which to commence this year's operations. Vouchers have been produced to us for all disbursements, but owing to the fact that the system adopted of using same style of tickets on account of subscriptions as were sold renders a close check impossible, we have not attempted to check the receipts, other than those for electric lighting, which agree with the subscription sheets, with the exception of a few small items, which are claimed to be uncollectable. The balance at the credit of the assoclation in the Dominion Savings and Investment Society, as at this date, is \$1,095 36, but as we understand that there are outstanding accounts which have not yet been rendered, we are unable to submit any statement of assets and liabilities.

F. G. JEWELL, J. W. JONES, Auditors.

London, Ont., Oct. 12, 1908. A detailed statement will be published shortly in pamphlet form, and will be ready for distribution as soon as printers complete copy.
