THE FIREMEN'S FAIR DAY

OVER 1000 VOLUNTEERS IN THE
STREET PARADE.

A Late Start causes a Belay in the Games
—Richmond Mill Chrics off the Book
and Ladder Race Prize.

Yesterday was a memorable one with
the firemen of Ontario, and the memory
will be extended to sections of the adjacent state of New York. The ample demonstration which had been arranged by
the Industrial Exhibition association
for the benefit of international volunteer
firemen has all along been looked
upon us one of the prominent attractions
of the fair, and so it proved to be. The
street parade, all of which could be ssen
free of charge, was probably the finest and
most complete of its kind ever witnessed
in a Canadian city. Over 1000 volunteer
firemen, with Toronto's own efficient paid
brigade, were in line. The only drawback
about the demonstration was that the procession was late in getting started, and brigade, were in line. The only drawback about the demonstration was that the procession was late in getting started, and consequently late in reaching the park. Not less than 35,000 people had assembled there when the procession entered the gates at 4 o'clock. Using to inefficient arrangements the horse ring got filled up with people, the games were away behind the advertised time, and the view from the grand stand was obscured by the promiscuous throng circulating around the ring. Only one event on the program was finished, the free-for-all hook and ladder companies' race, for which there were two prizes, \$75 and \$50. The boys from the thriving and picturesqe village of Richmond Hill, in this county, carried off the first prize. The ring will be kept perfectly clear to-day, and only those actually

The ring will be kept perfectly clear to-day, and only those actually engaged in the current sport and the judges will be admitted, so that everyone will have a good view from outside the encleance.

Closure.

The procession was formed into four divisions, the most northerly one forming on Gould street and passing into Yonge. The other three formed in Wilton avenue. Shuter street and Queen street. The marchals of the day were Ald. Harry Piper, Chief Ardagh and Foreman Frank Smith, and Chief Ketchum of Strathroy, while Ald. Farley, chairman of the fire and gas committee, Assistant Chief McCalloch of Montreal and Chief Waddell of Trenton, added prestige to the line by occupating a carriage near the head. The McCulloch of Montreal and Chief Waddell of Trenton, added prestige to the line by occupying a carriage near the head. The route was via Yonge, Kiug, Simooe, Queen and Strachan avenue to the park. The excellent oddfellows' band of Belleville headed the procession, and behind them was the trimlooking Maple City hose company of Hornellsville, N. Y. This company was dressed in grey shirts, white helmets and black pantaloons and presented a very creditable appearance. They numbered thirty men. Then came the Peterboro brigade, represented by thirty men in red brigade, represented by thirty men in red shirts, black pants and helmets, under Chief Thos. Rutherford. The balance of the line was made up of companies from Peterboro, Olean, N. Y., Lockport, N. Y., Conyers, Ga., Sept. 15.—Tom Marston, Peterboro, Olean, N. Y., Lockport, N. There was much difference of opinion as to which company was the best uniformed and marched the best. Toronto of course was barred in the contest. Cobourg found much favor, and the panies are a credit to the town. So were the two hose carts drawn by the men. The conditions of the hook and ladde race won by Richmond Hill was a run of 300 yds. with a hook and ladder wagon, not more than 25 men to be attached, to where a corn-crib like structure 40 feet high was erected. A 30 foot ladder was to be thrown against the side of the building, one of the men was to ascend it and as soon as he touched the top rung time was called. There was four entries and the reat was performed in the following times:
Dunnville 1 min. 5% sec.; Cataract,
Niagara Falls, 1.06; Richmond Hill, 1.04. Just after the Aurora company started the Just after the Aurora company started the ladder fell off the wagon, and as they ran to the finish without putting it up they were practically out of the race. Wm. Christie, Chas. Brown and Robt. Davies acted as time keepers, J. B. Boustead as starter, and Chief Fowler of Sarnia, and Deputy Chief McCulloch of Montreal as judges.

The competition among the visiting bands was begun under the judgeship of F. H. Torrington and Bandmaster Bayley of the Queen's Que, but it was not flu-

of the Queen's Own, but it was not fig ished. The Cobourg, Peterboro, Thorold and Dunwille bands have played so far.

The members of the Toronto fire brigade with their complete apparatus, in their march past the grand stand received storms of applause. The games to be com-peted to day are the international book and ladder race, the Canadian hose com-
