

BROCKTON ADDITION!

**MOST DESIRABLE PROPERTY FOR PURCHASE IN TORONTO.
LOTS RAPIDLY TAKEN UP.**

Distance from Union Station 10 to 15 minutes, and distance is measured by the time it takes to travel over it. There are many localities in Toronto where land is five times as high as in this property, and from which it will take an hour or more to get to the business centre. As with all other cities, so with Toronto, the future growth will be determined chiefly by the facility of

RAPID TRANSIT

to and from the business centre. This property is situated at the point of convergence of our great railway systems for their entrance into the city, affording the best possible facilities for rapid transit. There are now more than 20 trains per day each way to and from the Union Station. Fare to Bloor-street crossing, \$3.50 per 100 tickets, or 3¢ cents each, or by the way \$11.40. The land is high, level, and admirably adapted for building purposes. We are able to sell lots at very low prices and on easy terms, putting it within the reach of every one to purchase a homestead. Toronto title.

There is no locality in or about Toronto which, the price of the land being considered, possesses advantages at all comparable with those of the

BROCKTON ADDITION.
