

CHECK FEES FOR MARRIAGES

Part of Income Returns For Ministers.

NOT RECORDED, 'TIS SAID Returns of All Kinds Being Carefully Watched.

Small ministers pay income tax on marriage fees. This question is being asked to-day in ministerial circles owing to the rigidity with which the city taxation office is inquiring into reports this year dealing with supplementary sources of income.

Marriage fees run from zero up to several hundred dollars. The usual paragon marriage fee is \$25; church weddings come higher, and \$25 or \$50 usually chance between the happy groom's and the minister's hands when those entering the estate of matrimony select the church as the point of departure for their voyage.

There is a whisper at the city hall that income returns this year in the main make little mention of money received from performing marriage ceremonies.

Those who boast marriage as one of the best things that a minister can do hold that the ministers should not only be exempted, but that the city should supplement their fees by a special bonus.

HIGH PRAISE FOR ASSESSOR GRANT

Did Good Work In Exemption Proposals.

At Wednesday night's meeting of the City Council it was understood that Commissioner Stephen Grant, of the assessment department, will come in for very complimentary reference owing to his work in the matter of exemptions recently presented in the Ontario Legislature proposing to exempt the dividends of corporations from taxation.

Mr. Grant, who has been in close touch with Toronto since the bill was first proposed, has been the recipient of the attention of the City Council and Mayor Wilson, with the result that the body joined other Ontario municipalities in vigorous opposition.

THE MAN WHO WORE CHECKED TROUSERS AND BRIGHT RED TIE

It was a style all his own. No one else could affect it with grace or ease. Every time you saw a brown derby or half-inch checked trousers or a red tie you thought of Bartemus Jones, for he wore all three—altogether.

When we say "you" we mean "you" of past tense. All this happened a century ago.

Bart Jones was the outstanding "barter and exchange" agent in this continent. He was also somewhat of a philosopher. To-day we'd call Bart's house of business a "second-hand shop."

"Life," he used to say, is a triangle. "A" lives at one angle and "C" at another. One is necessary to the other in business, but they'd never meet if it weren't for "B."

The classified department of The Free Press is Bartemus Jones come to life again. The article, which suggests "re-suits," just as Jones was an interesting character with whom business people of another day did their deals.

And the system behind those pages is much more effective than old Bart Jones' checks. It is the "B" of the Triangle—the big "B" that stands for Better Business. It brings thousands of "A's" and "C's" together weekly. It can solve your problem likewise.

It is now possible to get an 18 word ad. three days for 9c. Phone 5200.

NEW TIME TABLE IN OPERATION—The revised time tables have become effective on the Grand Trunk and Canadian Pacific railways, and all trains are operating on schedule time.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief to itchy skin, eczema that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly stops the itching, cools the irritation and kills the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get little jar of Mentho-Sulphur at any drug store.—Advt.

RAMBLING AROUND WITH OLD DOC. PEP

May 1.—Heaven be praised for this month which dawn on us so gloriously, the maiden month of the year, not child, not woman. For during these 31 days nature begins to adorn herself wonderfully.

Out to a Captain Thistle's house and to see his backyard, which we should find a pleasure in visiting to be being so comely, and this to stimulate a movement for better backyards. The feature of this yard being his perogias and lattice work on which grapes are to be run, and at the end of his yard is an apricot tree in full bloom, seeming almost as if it were covered in opals.

Abroad on Saturday night and to hear a man talk on the benefits of the Soviet regime. He holds forth for a while and a few other curiosity seekers listen. But it is strange how a few years ago the city was so full of people who were giving owing to our fearing that the returned men and what-not would seize upon our wives and children or our wives or something of that sort.

All of which is the keynote of politics. How Germany, the latest war we would to-day be flooded with great articles on how the best Government is an absolute autocracy. It is interesting to see how successful will be wearing upturned moustaches and drinking lager or Pilsener or Munich. Your honest, old-fashioned man would be considered a dangerous person, and every day we would be pointed to Germany for a great example.

Children, the first of May is always a great day for moving and striking, whether amongst humans or the birds. Men in many cities loving parade this day with big red flags behind bands playing "The Marseillaise" or tunes of that sort. And while it is Sir Conan Doyle says they wear bobbed hair they decided this year to engineer a strike amongst the birds.

When I die, and if by some misadventure I am admitted straight off into the celestial company, methinks I shall seek out St. John, who wrote the Revelation, and chide him for his vision of the Holy City. For St. George, who knows that more people would be attracted heavenward if they were told: "Owing to the weakness of your faith and your own private desires there will be no palaces for you."

Epochal news out of China where two armies be contending for the capital city of Peking. All of which means, owing to the character of the chief general to this warring and battling, that China is about to become civilized in the highest degree possible by means of men with swords and guns.

Through a typographical error, the pageant, "Miss Canada's Dream," was announced for 3 p. m. on Monday. The play will be put on this evening at the Victoria School auditorium at 8 o'clock, and will also be given to-morrow (Tuesday) evening at 8.

The clever pageant, when played by the pupils one month ago, was so brilliant a success that hundreds of eager spectators were crowded out of the auditorium refusing to accommodate all who wished to witness the event. The repeat performances have, in consequence, been arranged and it is expected that both this evening and to-morrow evening capacity houses will greet the production, in which the children do outstanding work.

WRIT FOR \$3,106.—The First National Bank of Port Huron, through Meredith & Meredith, has issued a writ in the supreme court against M. White & Son, of this city, for \$3,106.37, which the bank claims is due from a promissory note claimed to have been made by the defendants, with exchange.

SEEKS ACCOUNTING.—J. M. McEvoy, acting for J. H. Kidd, of St. Mary's, has entered an account be against the supreme court against Dora M. Morrison, of the same town, for an accounting of the partnership dealings between the plaintiff and defendant in a tin-smithing business called under the name of the Queen Ann Sheet Metal Works. The writ asks for the winding up of the affairs of the partnership.

SENIOR CLASSES GIVE TWO CLEVER PLAYLETS Trustees of Church Imparted by Boys of Colborne Street Sunday School.

Two clever playlets were presented by the senior classes of Colborne Street Sunday school, of which Mrs. J. A. Dickinson, Miss Irene Foster and Stanley Leitch were the teachers.

11.—Moon is full. Ten men in police cap pay \$10 each for privilege of reaching that state the evening before.

12.—Investigation ordered into the scandal of one city block having more than the regulation number of two street lights. Predicted that higher assessments will be levied on benefiting property.

13.—Springbank is formally opened. Grand exodus to the park at night by the Sporty Order of Jazzhounds and the I. W. O.

14.—Presbyterian pastor solves problem of taking up offerings in connection with his radio services. Threatens to preach two hours unless all subscribers to the church are present at the commencement of his sermon.

15.—"Save the surface and you save all week" is launched locally by the hardware stores. Drug stores report at noon that their stock of cosmetics has been depleted.

16.—Lack of patronage on street railway cars leads majority of motormen and conductors to go into motor bus business. Remaining employees demand that they share in the benefits of higher fares.

17.—Lawyers are surprised to learn that John Aitkens is acknowledged by board of inquiry to be head of the fire department. Popular opinion was that the City Council and firemen's union were the ruling bodies.

18.—Absent-minded professor discovers that he has not paid his income tax for 1920. Decides to go on protracted tour of Europe to get a million dollars for laying rail and the Canadian Pacific officials have had an allotment of \$200,000 for improvements at Windsor.

19.—In interests of uniformity railroad men of Canada and United States agree to go on strike monthly instead of weekly in the future.

20.—Scouting bee at Tecumseh Park, when Buzz Wetzel's Indians taste food for the first time in 1922. Notch initial victory from Kitchener on this year's championship pennant.

PROGRAM STARTS

Will Probably Be Smallest In Several Years.

ONLY ONE MILE SCHEDULED Work On Subway To Be Held Up.

To-day City Engineer Brazier started the 1922 paving program of the City of London, which will probably be the smallest in recent history. It is quite probable that not more than one mile of paving will be constructed during 1922.

Work on Queen's Park subway for pedestrians from the race track enclosure to the fair grounds proper will not be gone ahead with further until the end of the month. The reason for this is that the track is being used to exercise horses for coming track meets.

The platform inside the race track will be remodelled and repaired at an early date. Mr. Brazier's supervision, in this order that the special grand stand evening attraction, which formed such a pleasant feature of the 1921 fair, may be properly staged.

ROBT. GREENE SPEAKS ON TRIP TO WEST INDIES

Addresses Men's No. 8 Club At Dundas Methodist Church.

Robt. Greene, of Greene-Swift, gave a comprehensive address on Sunday afternoon to the Men's No. 8 Club at Dundas Center Methodist Church on his trip to the West Indies.

Horoscope for Month Of May Lists Thrills And Welcome Events

BY ROSS TAYLOR.

1.—Capital and labor bury the hatchet this May. No local disturbances with the exception of a demonstration by several hundred youths in order to mark the opening of "Boys' Week."

2.—Ald. W. A. Wilson receives his tax notice and realizes error in having reduced assessments raised. Agrees with 10,241 other ratepayers that living outside the city limits has multitudinous attractions.

3.—New style cravat is introduced for the male fop. Cannot be distinguished from genuine shoe laces.

4.—Welfare worker from out of town visits London Collegiate Institute for the first time and falls into popular error of mistaking the purpose of the building. Writes article condemning child labor.

5.—Scouting bee at Tecumseh Park, when Buzz Wetzel's Indians taste food for the first time in 1922. Notch initial victory from Kitchener on this year's championship pennant.

6.—Boy Scouts meet a triumphant finish and preparations are made for appointing the participants with the order of the Saturday night bath.

7.—Presbyterian pastor preaches his first sermon by radio. All his Scotch fire is aroused when he finds that collection plates have been eliminated from the worship service.

8.—Conan Doyle comes to Canada and brings with him message from the spirit world. Quotes communication from Johnny Walker stating that he is still going strong in England.

9.—Outbreak of colds among male fraternity. Dr. Hill in interview issues warning to leave 'em on until the 24th of the month, as said to be avoided.

10.—Peak of demand for garden seeds is reached on this date. Increasing number of amateur gardeners doubt if they have the proper soil for growing viable plants.

11.—Moon is full. Ten men in police cap pay \$10 each for privilege of reaching that state the evening before.

12.—Investigation ordered into the scandal of one city block having more than the regulation number of two street lights. Predicted that higher assessments will be levied on benefiting property.

13.—Springbank is formally opened. Grand exodus to the park at night by the Sporty Order of Jazzhounds and the I. W. O.

14.—Presbyterian pastor solves problem of taking up offerings in connection with his radio services. Threatens to preach two hours unless all subscribers to the church are present at the commencement of his sermon.

15.—"Save the surface and you save all week" is launched locally by the hardware stores. Drug stores report at noon that their stock of cosmetics has been depleted.

16.—Lack of patronage on street railway cars leads majority of motormen and conductors to go into motor bus business. Remaining employees demand that they share in the benefits of higher fares.

17.—Lawyers are surprised to learn that John Aitkens is acknowledged by board of inquiry to be head of the fire department. Popular opinion was that the City Council and firemen's union were the ruling bodies.

18.—Absent-minded professor discovers that he has not paid his income tax for 1920. Decides to go on protracted tour of Europe to get a million dollars for laying rail and the Canadian Pacific officials have had an allotment of \$200,000 for improvements at Windsor.

19.—In interests of uniformity railroad men of Canada and United States agree to go on strike monthly instead of weekly in the future.

20.—Scouting bee at Tecumseh Park, when Buzz Wetzel's Indians taste food for the first time in 1922. Notch initial victory from Kitchener on this year's championship pennant.

21.—Boy Scouts meet a triumphant finish and preparations are made for appointing the participants with the order of the Saturday night bath.

22.—Presbyterian pastor preaches his first sermon by radio. All his Scotch fire is aroused when he finds that collection plates have been eliminated from the worship service.

23.—Conan Doyle comes to Canada and brings with him message from the spirit world. Quotes communication from Johnny Walker stating that he is still going strong in England.

24.—Outbreak of colds among male fraternity. Dr. Hill in interview issues warning to leave 'em on until the 24th of the month, as said to be avoided.

25.—Peak of demand for garden seeds is reached on this date. Increasing number of amateur gardeners doubt if they have the proper soil for growing viable plants.

26.—Moon is full. Ten men in police cap pay \$10 each for privilege of reaching that state the evening before.

27.—Investigation ordered into the scandal of one city block having more than the regulation number of two street lights. Predicted that higher assessments will be levied on benefiting property.

28.—Springbank is formally opened. Grand exodus to the park at night by the Sporty Order of Jazzhounds and the I. W. O.

29.—Presbyterian pastor solves problem of taking up offerings in connection with his radio services. Threatens to preach two hours unless all subscribers to the church are present at the commencement of his sermon.

30.—"Save the surface and you save all week" is launched locally by the hardware stores. Drug stores report at noon that their stock of cosmetics has been depleted.

R. R. BUDGETS COMING SOON

Requisition All In Hands of Montreal Offices.

LET CONTRACTS IN MAY Spend Considerable Money In This District.

Expenditure budgets for the London divisions of the Grand Trunk and Canadian Pacific railways will likely be received by the divisional superintendents within the next few days, it was stated to-day.

The Grand Trunk Railway has already approved approximately a quarter of a million dollars for laying rail and the Canadian Pacific officials have had an allotment of \$200,000 for improvements at Windsor.

Requisitions for numerous improvements have been forwarded to the Montreal offices and it is believed that definite statements relating to the approvals will be made shortly.

The contracts are mostly awarded by the railways in the early part of May.

ASK STONE PIER ON COVE ROAD BRIDGES

Motorists State Second Cove Embankment Extremely Dangerous.

Numerous local motorists are seriously considering getting up a petition to have a stone or cement wall built along the edge of the road which passes over the first and second coves on the Pipe Line road.

They claim that when coming from the west into the city great danger lies in the fact that if the driver of the car is not a first-class chauffeur and thoroughly acquainted with the ways of his car and the roads there is every possibility that he would crash into a stone or cement wall which is the only bit of protection they have and go through into the cove below.

"So far," stated on motorist this morning, "there has been no one hurt, but there is no telling when the goddess of luck will refuse to flirt with us and then there will be a job for the undertaker."

HAYMAN COMPANY GETS WINDSOR JOB

Will Erect New Freight Sheds—Work to Start Soon.

The Canadian Pacific Railway will commence the erection of the new freight sheds and yards at Windsor within the next few days, the contract having been awarded to the Hayman Construction Company, of London.

More than \$200,000 is to be spent by the railroad at Windsor improving the yards and providing a suitable shed for freight.

According to the contract the construction work must be started early in May and will be completed about September.

NO MONEY FOR ROOM; SLEPT BY SNOW FENCES

Trespasser on C. P. R. Property Gets Free Lodgings For Ten Days.

The stories handed out by trespassers on the railways in London are received with little favor by Magistrate Graydon in police court these days. During the past couple of weeks a number of offenders have faced the court and none of these has been able to give an explanation satisfactory to his worship.

George Boyuk was found on C. P. R. property last night near the Quebec street station, behind a pile of snow fences. He told the court that he did not have enough money to get lodging, so was looking for a nice spot to spend the night. He offered only himself as a guarantee for the necessary \$10 he will spend the next 10 nights on a cot at the county jail.

In imposing a penalty, Magistrate Graydon declares that he believes that Boyuk was there for the purpose of stealing a rail. He pointed out that person trespassing on railway property were exposing only themselves to danger but the railway employees and the public.

JANEY CANUCK CHAPTER HOLDS SACRED CONCERT

Excellent Program Given at Allen Street Theatre Last Evening.

Arranged by the Janey Canuck Chapter, I. O. O. E., a successful concert was held last evening at the Allen Street theatre, drawing an interested audience to the concert.

Rev. G. Quintin Warner, in the chair, introduced the numbers, which included a brilliant "cello solo" by himself. Others on the program were Miss Dorinda Abbott, Miss Edythe Vann, Harry Carson, Charles Jolly and Stanley Chadwick, who sang delightful songs. Mr. Jolly and Mr. Carson also appeared in duet selections by the St. Cecilia Club Quartet and readings by George Steer were greatly enjoyed. Messrs. Harry Dickinson, Clarence Gilmour and Charles Percy, at the organ, acted as accompanists.

Members of the chapter were in attendance led by their president, Mrs. Walter Glassford, to assist in seating the audience. Proceeds from the concert go to the chapter funds.

EXTRA COACH.—Commencing to-morrow an extra coach will be added to Grand Trunk train No. 17 operating from Toronto to Point Edward, to accommodate the Great Lakes boat passengers. The Harmonic will make its initial trip north to-morrow.

PROMOTION SUNDAY AT HALE STREET SUNDAY SCHOOL

Past Year One of Progress In Sunday School Work.

No more impressive nor more important affair has been held than that which took place at Hale Street Church on Sunday morning at 10 o'clock. It was promotion Sunday for the smaller scholars and was of much importance to them.

A gate surrounded with flowers of gay spring colors was the center of the ceremony. As the scholars who have merited promotion passed through the gate their teacher for the coming year presented them with a diploma, which will prove of such value when these youngsters are grown up, probably far away from Hale Street Church. A choir of small girls sang sweetly as each class passed through the gate. Then followed a more solemn and probably more important ceremony, the installation of the officers for the coming year.

As each officer's name was called he assembled around the platform and Rev. L. W. Reid read the obligations and privileges of the officers of a Sunday school. Mr. Ballingall, superintendent, presiding.

The year 1921-22 was a bumper one in all ways for Hale Street Sunday school. Several new classes have been formed to take care of new scholars.

RAIL-LAYING PLANS HAVE BEEN ALTERED

Work Did Not Start To-Day as Was Expected.

Rail laying plans have been altered by the Grand Trunk Railway officials, it was stated to-day. The original plan was to have the gangs commence laying steel between Komoka and Stratroy to-day.

Divisional officials did not issue instructions to have the gangs commence their duties, as they are awaiting new orders from the Montreal and Toronto offices.

The new steel which is to be laid on the Sarnia branch is rapidly arriving, and a train of 25 cars is being unloaded between Komoka and Stratroy.

It is expected that a definite approval regarding the work will be issued by the divisional superintendent within the next day or two.

CARSHOPS MAY RUN ON FULL SCHEDULE NOW

Local Union Officials Hope Worst of Business Depression Over.

Permanent work for the local Grand Trunk Railway shopmen is anticipated and no further lay-offs are expected during the summer months.

Joseph Corbett, chairman for the Grand Trunk Carmen of Canada, announced before leaving for Montreal that he expects there will be no more shut-downs at the Campbell street shops during the summer months.

"The general business depression, made worse by the coal strike, is responsible for the three-day shut-down at all Grand Trunk shops last week," said Mr. Corbett. "But we don't expect it will be repeated."

More than 600 local Grand Trunk shopmen are asking for steady employment and are opposed to continual shut-downs at Grand Trunk shops.

The right management will get 1,000 eggs from each hen. The right management will get 1,000 cents from each \$7.00.

ONLY 40 COUP MARRIED IN

Total of 124 Children A Population.

DEATH CLAIMED EIGHT

Health of City Reported To Be Good.

The reports from D. Cupid & Co. for the month of April were not so good. Evidently that winged sprite's business has gone where business generally has gone, for only 40 couples were united in the bonds of matrimony during the past month.

Births for the month are up to the average, with a total of 124, of which 69 were of the female sex. This marks a lead of 14 on male births for the past month.

Deaths during April totaled only 50, 42 of those answering the final call being males. London's health is exceptionally good these days, Dr. Downham, M. O. H., reports. The more serious contagious diseases have been practically stamped out, and what illness there is, according to statistics, is of a very mild type.

BUSINESS OUTLOOK

A statement made by the Canadian Paperboard Company, Limited, that all three plants located at Frankford, Campbellford, Ont., and Montreal, Que., are now operating 24 hours a day, is significant of improved business conditions. The activity of the paperboard industry is a recognized trade barometer owing to the fact that paperboard is to-day used in some form in almost every line of business.

The Canadian Paperboard Company, Limited, itself anticipates the return of a long period of business expansion is indicated by the fact that it is marketing an issue of \$800,000 first mortgage bonds through Canadian Debentures Corporation, Limited, of Toronto, to yield, at the price issued, over 7 1/2 per cent. income return to the investors.
