# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**FALL NOVELTY.**

Swagger Coat. Designed For Jack Frost's Weather.

Brick red velours worsted, cut with novel lines on the shoulders and across the front, gives this smart garment.

SO COMFORTABLE.

Black velvet cuffs, buttons and a deep collar contrast the bright tones of the fabric well. The hat is ribbon trimmed.

**PAISLEY DESIGNS.**

Patterns Borrowed From the Shawls of Grandmothers' Days.

Paisley designs, the latest things of the moment among the smartest fashionables abroad and which are the shawls of our grandmothers reproduced in silks, are to be a fall feature. A woman may take a couple of yards of one of these lovely things, drape them around her, and she has a cloak that cannot be surpassed.

Paisley is the fashion term used, but Kashmir, Persian or oriental will describe the new silks. They are all after the designs of grandmothers' shawls, not nominally, but actually, for the real shawls were used to obtain the designs. The material is in satins, in fleur de sole, a soft taffeta like silk; in a soft tick ribbed crepe and in flurety, a silk that has the consistency of the old time cashmere.

Hats will be one of the things in which the silks with the less strongly accentuated designs will be seen. The Paisleys may also be combined with plain silks for evening gowns; they will go into handsome blouses, but they will find their best use probably as cloaks or linings for elegant fur or velvet wraps.

The familiar palm leaf, which appears frequently in all oriental designs, in rugs and other textiles as well as in the old time shawls, is prominent in the silks. That wonderfully brilliant scarlet so familiar in the shawls is notable as a foundation in some of the silks on which are variants of the palm leaf design in dull gold tones. On a white ground the palm leaf is in those soft hues that one knows on the old white shawls. The black foundation has the design with gold or green tones predominating and a soft warm blue foundation has peculiar magenta pink tones in the design.

**FALL SWEATERS.**

They Come In Gay Tones Like Autumn Leaves.

It will be good news to the sports-woman to know there are shower proof sweaters. The latter have been put through the water proofing process and are therefore impervious to rain, mist or other "elements of the weather."

These sweaters are knitted in plain stitch and have an all around belt, a roll collar and deep pockets. They come in such colors as Dutch blue, hunters' green, old rose and yellow. They are just the thing not only in point of shape and general style, but also in colors, to accord beautifully with the fall requirements and autumn foliage.

When there are sweaters made of

brushed wool that are mixed with fiber to give them an attractive gloss. When in color such sweaters usually are finished with white collars and cuffs, and in some instances the latter take on the appearance of soft fur.

**Chutney Sauce.**

Twelve large apples, four large onions, six large green tomatoes and two bell peppers, all chopped fine. To one quart of vinegar add two cupfuls of brown sugar, one cupful of chopped raisins and one tablespoonful each of salt, cinnamon and cloves. Drain the tomato mixture dry, add to strup and cook slowly one hour. Bottle while hot, and if sealed it will keep a year.

**First Footpaths in 1762.**

The student of old London, noticing the whitened curbs in the streets today, is inevitably reminded that the institution of the footway is really of quite recent date. It was not indeed until after the Westminster paving act of 1762 that footways became at all general. Before that time man and beast took the same road. Many of the old iron posts, which are still to be seen in Regent street and elsewhere, showing the crown and the monogram of the Georges indicate the corners of these first footways.

**Hope for the Chronic Dyspeptic.**

Through lack of consideration of the body's needs many persons allow disorders of the digestive apparatus to endure until they become chronic filling days and nights with suffering. To these a course of Parnee's Vegetable Pills is recommended as a sure and speedy way to regain health. These pills are specially compounded to combat dyspepsia and the many ills that follow in its train, and they are successful always.

**AUTOS ARE POPULAR.**

Fact is Indicated by Record Receipts for Licenses.

The revenue of the Department of Highways in Ontario for automobile licenses for the current year will amount to about \$630,000. This is the largest amount received by the Ontario Government from this source in any year, and not much below the total of all years up to 1915. From the time automobile licenses were first issued until the end of 1915 the total revenue was about \$750,000. For some years those interested in highway improvement have been urging that the revenue from automobile licenses should go towards road maintenance. But during the same period the Province expended on good roads in old Ontario over \$2,000,000, so the account is more than square. It is the intention now to apply to roads each year not only the amount of the automobile revenue but also such other sums as are necessary to carry the work along vigorously. This is the first year that any grant has been made towards maintenance of county road systems under the Highway Improvement Act. It is estimated that counties operating under the Act have spent \$230,000 this year, and of this the Government will pay 20 per cent, or \$46,000.

**Captured With a Football.**

A prominent Paris paper, Le Journal, records the impressions of an Australian soldier, one Jack Bullock, who was wounded at Thiepval. He went out with five comrades in an attempt to bomb into silence a German machine gun. He says: "Getting near the enemy block-house, we threw all the bombs we had so as to leave the Huns before us no respite. They were certainly on the point of surrendering when we found that our ammunition had given out. What bad luck! Already the Germans were showing their noses over the redoubt. In the fear that they would find out our embarrassment and profit by it one of my two surviving comrades—have I said that three had been killed?—seized a Rugby football which we had dribbled before us from our trench and made a motion as if to throw it at the enemy. They, not understanding the nature of the object, and no doubt taking it for a new and formidable engine, held up their hands, and we captured them easily."

**Ontario is Generous.**

For the second time since the war started Hon. T. W. McGarry, Provincial Treasurer, is able to announce that the collections for the British Red Cross Society in Ontario are way ahead of those from any other portion of the Empire. Last year Ontario sent \$1,550,000—a sum greater than that received from all other parts of the Empire. This year, while the returns are not all complete, it is expected that Ontario will send \$2,000,000 to help carry on this splendid work, and information so far available indicates that Ontario is again in the enviable position of a year ago.

**It Bids Pain Begone.**

When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. There is nothing like it as a liniment for its curative properties are great. A trial of it will establish faith in it.

**MAKE ENQUIRIES**

before you buy an ointment, as to which gives best results. If you do, you will buy Zam-Buk, for this herbal balm has been proved by thousands to be the most reliable ointment on the market. For two years I suffered with an ulcer on my leg, which defied all treatments—although I tried many and spent no end of money. Finally I tried Zam-Buk and the results were most encouraging. The ulcer soon showed signs of healing, and perseverance with Zam-Buk worked a complete cure."

Mr. Isaac L. Phinney, of Lower Five Islands, N.S., writes: "Zam-Buk is, without doubt, the most reliable ointment on the market. For two years I suffered with an ulcer on my leg, which defied all treatments—although I tried many and spent no end of money. Finally I tried Zam-Buk and the results were most encouraging. The ulcer soon showed signs of healing, and perseverance with Zam-Buk worked a complete cure."

Zam-Buk is equally good for eczema, ringworm, abscesses, running sores, blood-poisoning, scaly sores, boils, pimples, piles, cuts, burns, scalds, and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto, 50c. box, \$ for \$1.25. Send 1c. stamp for free trial box.
