FLEET FOOT

Shoes on the Farm

For work and play—in
the middle of the day—and
when on pleasure bent.

For field, farm and wagon,
wear Fleet Foot Shoes. They
are far cheaper than leather—
light, easy, comfortable—long
wearing. For every-day wear,
you will find them immeasurably
better than hot, heavy, expensive leather boots.

When you're out for
a good time, wear
WHITE "Fleet Foot"

Shoes. In fact, you must wear White Shoes
this summer, to be well dressed. Dealers
everywhere have "Fleet Foot" Shoes, in all
styles for men, women and children.

Potato Production

In normal years it is economy to cut
good sized potatoes in sets varying from
one ounce to two ounces each. In the
average of ten tests conducted at Guelph
in five years the following average annual
yields per acre were obtained from good
sized potatoes cut into pieces of different
weights as here indicated:—two ounces,
150 bushels; one ounce, 130 bushels;
one-half ounce, 109 bushels; one-quarter
ounce, 98 bushels; one-eighth ounce, 79
bushels; and one-sixteenth ounce, 37
bushels. Small potatoes are frequently
produced from scrubs or from diseased
tubers. The potatoes produced in Onta-
rio in 1916, however, were exception-
ally free from rot and were unusually small
owing to the growth being arrested by
unfavorable weather conditions. Potatoes
did not thoroughly mature last autumn
and immature potatoes are inferior for
table use but make excellent seed. At
this particular time, therefore, potatoes,
the size of hen's eggs or even smaller,
might be used for seed to good advantage.
These could be cut into pieces even as
small as one-quarter ounce each and
could be planted in rows twenty-eight
inches apart with the pieces twelve to
fifteen inches apart in the rows. They
should be planted the same day that they
are cut. Where good seed is unobtain-
able whole potatoes not more than one-
quarter to one-half ounce in size might
be planted with the prospect of receiving
moderate returns. It would be an ad-
vantage to spread out the small potatoes
in a warm light room for two or three
weeks to allow them to sprout before
planting.

According to present indications the
acreage of potatoes will be less than
usual this year.
With the possibility of a famine in
food materials, great care should be
exercised by both the farmers and the
city gardeners in growing the crops of
highest value, in using the best seed
obtainable and in economizing labor.

BABY'S OWN TABLETS OF GREAT VALUE

Mrs. J. A. Lagace, Ste. Perpetue,
Que. writes:—"Baby's Own Tablets
have been of great value to me and
I would strongly recommend them to
other mothers." Thousands of other
mothers say the same thing. They
have become convinced through actual
use of the Tablets that nothing can equal
them in regulating the bowels and stom-
ach; driving out constipation and in-
digestion; breaking up colds and simple
fevers; expelling worms and curing
colic. The Tablets are sold by medicine
dealers or by mail at 25 cents a box
from The Dr. Williams' Medicine Co.,
Brockville, Ont.

The Late Mrs. Robert Conkey

Mrs. Robert Conkey, of Adelaide
Township, passed peacefully away at
the home of her daughter, Mrs. James
Wallace, on Sunday morning, April
22nd, at the mature old age of 86 years.
Deceased was a daughter of the late
John Wiley, and was born in Ireland in
1831, coming to this country when two
years old. Seventy years ago she was
married to Robert Conkey, who pre-
deceased her eight years ago. They
located on a farm in West Adelaide,
where they endured the trials and
hardships of the pioneer days. She
leaves to mourn her loss eight sons
and three daughters, also thirty-one
grandchildren, and thirteen great
grandchildren. The members of the
family were all present at the funeral,
viz.:—David, of St. Lawrence, South
Dakota; Alexander, of Kaukauna,
Wisconsin; Samuel, of Caseville,
Mich.; John, of Strathroy; Robert
and Fred, of Adelaide; George and
Nathaniel, of Warwick; Mrs. William
Rogers, of Watford; Mrs. James Wal-
lace, of Adelaide; and Mrs. Darius
Conkey, of Strathroy. The funeral
was held on Tuesday, April 25th, and
was very largely attended, interment
being made in the West Adelaide
cemetery. The Rev. Dr. Savers con-
