The Sundar Schoor. Dial Pablished by Wm. Smith, Owen Sound.
We have received the first two nambers of this new Sabbath School periodical. It is on the same general plan as the "Child's Paper," and the "Children's Paper," and appears to be well adapted for the object in view. The illustrations, as well as the typography, are very fairly got up, and we think it right to state that the second namber is, in our opinion, an improvement on the first. It is published on the 1st and 15 th of every month The price is, for a singlo copy, 30 cents per annum, or, 11 copies to one address, $\$ 3$, postare extra. It may be ordered from the Publisher, or from the Depository of the Upper Canada Religious Tract and Book Socicty, Toronto.

Comicitrames de Jean Catinilsus-xe-Nogtrat
Testhyent, in quatre tomes; iarge 8 vo. Presbyicrian Board of Pullication.
This wort, printed at Paris, has lately been adopled by the Presbyterian Board, and also Calvin's Institutes, in his native language, French. Calvin's Commentarics were giren to the world, both in. Latin and Freach, the latter his mother tonguc, and the former sposen. and written by, bim with classical elegance. For clear and materly exposition, ho justly
etands preecminent. The French edition of his Commentarics on the Now Testanent, now before us, ehould be held as a rich boon by all who can peruse the book, and this is not difficult to those who have a modernie nequaintance with the language. Indeed, it would well be worth while for our young ministers to learn French-an aequisition phich does nut require lung time-were it for no other purpose than to have a key for unlocking these Commentaires of Calvin, who throws asflood of light upon whatever his singularly ocute mind handled. And those in the ministry who are conversant with Freach will Le glad to get hold of these volumes. Thoy comprise about 4000 pages, 8 vo., on good paper, :losely printed, and are extremely cheap, being only 83 for tho 4 valumes-a mera trift, compared : whe the largo amount of Scripture criticism anid illastration which thoy furnish. The price of the Institutes in French, 2 rols, 8vo., is \$1 75!
The Presbyterian Board has begun publish. ing otler works in French-the Shorter Catechism with proofs; Watts' Historical Catechisms, with exercises, and several tracts, which will be followed by morc. All this is with a special view to the large body of Freach Ca nadians, in the Western'States, to the amount of several thousands, who, with the Rer. Mr. Chiniquy, distinguished for his eloquence and zeal, lately renounced Popery, and pleced themselves in connection with the Piesbyterisn Churoh ( 0. S.) in the United Statea Very desirous of doing all in their power for the growth of this most intercsting people in knowledge and grace, the Board has commissioned sereral pions and zealous Colportcurs to labour among them, and a great spiritual work is going on in their midst. May it soon extend to their brethren according to the flesh in Canadn whom they left, and by the diffusion of Bible trath and pure Christianity, may Popery be oreatarped; and thow whom it hes lons oppressed be set frce, so'as to be froe indeed.
The abore publications can bo bad inang quantity through the Rer. Aöd. Kenneny. Londop, C.W.
