CATARRH:

A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicine and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination, this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—*Montreal Star*

An Old Soldier's EXPERIENCE.

"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral

as a cough remedy.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases.

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

Scientific and Useful.

A FLANNEL cloth dipped into warm soap-suds, and then into whitening and applied to paint, will remove all grease and dirt. Wash with clean water and dry. The most delicate paint will not be injured, and will look like new.

If brooms are dipped for a minute or two in a kettle of boiling suds once a week they will last much longer. It makes them tough but pliable, and a carpet is not worn half so much by sweeping with a broom cared for in this manner.

STAINS of tea or coffee may be removed from linen by being soaked in warm water as soon after they have occurred as possible, and then soaped and rubbed. They will disappear at the next washing. When they have been left for some time an application of pure glycerine is effective.

A RADICAL CHANGE.—The best eradicator of foul humours of the Blood is Burdock Blood Bitters. A few bottles produces a radical change for the better in health and beauty. It removes the blood of Acrofula, that terrible disease so common in this country.

BAKED FISH.—A fish weighing from four to six pounds is a good size to bake. It should be cooked whole to look well. Make a dressing of bread crumbs, butter, salt and parsley; mix this with one egg. Fill the body, and lay in a large pan; put across it some strips of salt pork to flavour it. Bake it half an hour. Taste frequently.

BUNS.—Break one egg into a cup and fill with sweet milk; mix with it a half cup of yeast, a half cup of butter, one cup of sugar, enough flour to make a soft dough, flavoured with nutmeg. Let rise till very light, then mould into biscuit with a few currants. Let rise the second time in pan, bake, and when nearly done glaze with a little molasses and milk.

WHEN a person is weak and faint, or fatigued and exhausted, there is nothing so refreshing and reviving as a little of Murray & Lanman's Florida Water. Rubbed on the hands and temples, and inhaled freely, it tones and braces the whole system.

LEMON TARTS.—Grate yellow rind of one lemon in a bowl and add the juice, one cup of white sugar and the yolk of an egg. Beat well, and add one cup of water in which you have dissolved one dessertspoonful of corn starch. Put it over the fire and let it come to a boil. Have some nice tart shells and fill when cold. Frost tarts with white of an egg mixed with sugar.

WHITE CUSTARD.—Separate the yolks and whites of three eggs; use the whites only. Take, also, one-fourth teaspoonful of salt, two tablespoonfuls of sugar. Give a light grating of nutmeg; then one pint rich milk. Beat sugar, whites, salt and nutmeg; then add a little milk, and beat thoroughly; then add the rest of the milk. Bake in cups, set in a pan of water. When firm in the centre, put on the ice to cool.

FOR RINGWORMS AND OLD SORES.—Bathe in Perry Davis' Pain-Killer, and then apply a salve made of equal parts of rosin, beeswax, and sweet oil, melted by simmering on a low fire. Take internally one teaspoonful of Pain-Killer in sugar and water, three times a day, during the treatment.

SPONGE CAKE.—Beat three eggs two minutes, add one and a half cups of white sugar, beat five minutes, one cup of flour, beat one minute, one teaspoonful of cream tartar, one half teaspoonful of soda, one cup of cold water, beat one minute, then another cup of flour, beat one minute, flavour with lemon, bake in a quick oven. This will make two cakes or one large one.

A SAUCE FOR ANY HASHED MEAT.—The evaporated or dried "tari" apples come in usefully at this time, before the fresh apple crop is due. They need to be soaked a short time in cold water to give them their form again. Fry a handful of them, with a couple of sliced onions, in some good dripping until they are all a soft sauce together. Add a tablespoonful of corn starch, ground rice or farina for thickening, and, if you like the taste of curry powder, a spoonful, large or small, to your taste, with salt and pepper. Put all together, with sufficient hot water, soup stock or gravy, to make a sauce for the cold meat, which has been sliced. When the sauce has boiled up, stir until quite smooth and put the meat in merely to heat through slowly. Then serve. Rice or mashed potatoes make a good bordering.

—A thorough trial will give positive proof of this.

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism. Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water. All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters; I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it has worked a miracle in my case; otherwise I would have been now in my grave.

Poverty and Suffering.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring. I was completely discouraged, until one year ago, by the advice of my pastor, I commenced using Hop Bitters, and in one month we were all well, and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well a year with Hop Bitters for less than one doctor's visit will cost. I know it."

Chills and fever? Burning patches of skin? Then

YOU HAVE

BRIGHT'S DISEASE OF THE KIDNEYS.

The above symptoms are not developed in any order, but appear, disappear and reappear until the disease gradually gets a firm grasp on the constitution, the kidney-poisoned blood breaks down the nervous system, and finally pneumonia, diarrhoea, bloodlessness, heart disease, apoplexy, paralysis, or convulsions ensue and then death is inevitable. This fearful disease is not a rare one—it is an every-day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. Don't neglect it. Warner's BARK & IRON has cured thousands of cases of the worst type, and it will cure you if you will use it promptly and as directed. It is the specific for the universal
