NICKELITE SILVER.

Spoons and Forks made of this metal are now before the public for almost twenty years, and have never failed to give satisfaction. Goods said to be "quite as good" have often been offered instead of the genuine "Nickelite." These may have failed to wear, but such are not Nickelite. Buyers should always see that either spoons or forks are stamped "Nickelite R. W. & Co." All such are guaranteed to give perfect satisfaction, no matter by whom sold. ONE HUNDRED DOLLARS reward will be paid to any one who will consent any party of the fraudulent use of the above stamps. This season we have succeeded in making further improvements, both in the hardness of the metal and in the finish, therefore for COLOUR, BEAUTY, and DURABILITY the goods are unequalled in the world. For general use among our people nothing suits so well as articles that are of one metal throughout. Nothing can wear off; simple cleaning makes them always new. The price, too, is within the reach of all. To get an article to be depended on, ask for NICKELITE Spoons and Forks, and take no other. Dealers supplied by application to the General Agent for the Sheffield House.
