### MISCELLANEOUS.

The World's Fair of 1893 is still bearing fruit, and distant Japan, Russia, and near-by Mexico are among the countries that are increasing their commercial relations with the United States.

The following was received from an applicant for the post of organist by a church committee: "Gentlemen,—I noticed your advertisement for organist and music teacher, either white or coloured. Having been both for several years, I wish to offer my services."

Don't you know that Hood's Sarsaparilla will overcome that tired feeling and give you renewed vigor and vitality?

Zion's Herald, of Boston, has secured an expression of opinion from twenty-six prominent ministers and laymen of the Methodist Episcopal Church, on the question whether the time limit in the Methodist ministry should be abolished. Seventeen out of the twenty-six answer in the affirmative.

From Los Angeles, Cal., Andrew Spence has started on a missionary tour around the world by bicycle. The bicycle is fitted with masts and sails, and when the wind is favorable, Mr. Spence simply rests on his pedals and allows the wheel to cut its own racing paces; when he encounters a calm or contrary winds taking in sails and working it as usual.

Few Americans, says the New York Tribune, are aware of the fact that if it were not for the little Island of Sicily now there would be no lemons, nor are many aware of the great importance of this commerce and of its necessity to the United States. The production of lemons in America is so limited at the present time, both as regards quantity and seasons, that all of California's and Florida's products do not supply 10 per cent. of the country's needs. After the months of August and September, when our domestic lemon crops mature, but for Sicily we should be without lemons whatsoever, except for a few that Spain sends us, during the rest of the year. Accurate figures show that from September 10th to April 30th during the last five years the importations from Sicily have been about 1,200,000 boxes every year, each containing 300 lemons. This is equal to 360,000,000 lemons.

### THE HEAVY END OF A MATCH.

"Mary," said Farmer Flint at the breakfast table as he asked for a second cup of coffee, "I've made a discovery."

"Well, Cyrus, you're about the last one I'd expect of such a thing, but what is it?"

"I have found that the heavy end of a match is its light end," responded Cyrus with a grin that would have adorned a skull.

Mary looked disgusted, but with an air of triumph quickly retorted, "I've got a discovery too, Cyrus. It was made by Dr. R. V. Pierce, and is called a 'Golden Medical Discovery.' It drives away blotches and pimples, purifies the blood, tones up the system and makes one feel brand-new. Why it cured Cousin Ben who had Consumption and was almost reduced to a skeleton. Before his wife began to use it she was a pale, sickly thing, but look at her: she's rosy-checked and healthy, and weighs 165 pounds. That, Cyrus is a discovery that's worth mentioning."

Young or middle-aged men, suffering from premature decline of power, however induced, speedily and radically cured. Illustrated books sent securely sealed for 10 cents in stamps. World's Dispensary Medical Association, Buffalo, N. Y.
