

Dr. Deimel Underwear

BEARS A LABEL WITH THIS TRADE MARK

Many people suffer from a weak skin. They perspire easily and chill easily, cannot bear drafts and are apt to take colds, bronchitis, pneumonia or rheumatism. As a rule they wear woolen underwear; the heavier the garment the weaker the skin.

The Dr. Deimel Underwear of POROUS LINEN is the correct garment for the skin. It gives tone and vigor to it. Under it the skin becomes strong and active, capable of protecting the body against chills and internal congestions.
