But these men go into his country professing a great love for him, which they demonstrate by shooting him through the head, and telling the story afterwards. Dr. Livingstone is a more prudent man, and in his eyes these gentlemen are somewhat contemptible, for thus he writes :- 'I am sorry that the missionaries turned tail, but under the circumstances, it was perhaps well. This movement looks like a concentration of the disposable forage of Milne's squadron in the localities in which the recently reported outrages on British shipping by Federal cruisers have been perpetrated with a knowledge than there is no force at hand capaqle of protecting British vessels. The Gasette thinks that when Wilkes hears of the movement be will hardly venture upon further violation of neutral territory.

A general meeting of the Atlantic Telegraph Company was held in London on the 12th. Hon. James Stuart Wartley presided, and stated the terms on which it was proposed to raise £600,000 new capital as slready published. As announced that within 3 days £25,000 had, on response to the circulars, been subscribed. A resolution was carried to raise the new capital in shares of £5 each for laying the new cable. The meeting was regarded as the most encouraging and successful.

The Daily News, Star and other journale warmly advocates the claims of the Company.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothingastorded any relief until we tried your SAN-BAPARILLA, which soon completely cured her."

From Charles P. Gage, Ksq., of the widely-known from of Gage, Murray & Co., manufacturers of chameled paners in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affilotion. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It timmediately made my face worse; as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of, I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

From J. E. Johnston, Ksq., Wakeman, Chio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars' worth of medicines The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsarahilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as anybody. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. Askilful physician applied sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, leet with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's cycleshes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."
