**Mercantile Summary.**

THE Guelph *Mercury* understands that Messrs. Wilson and Henderson, of Brantford, who recently patented a bicycle chain rivet, have sold the patent in the United States for \$17,000.

THE quantity of gold amalgam purchased from miners by the Edmonton branch of the Imperial Bank, has so far amounted in value to \$11,200 for the present season. This is about \$500 more than was purchased in the same time last year.

THE North American Bent Chair Company of Owen Sound, who do a home and foreign trade in their chairs and furniture, have a four-story brick factory. The chair machinery used is mostly of their own construction, we are told, and they employ some 130 hands. J. G. Hay and A. B. Hay constitute the firm.

SOME days ago the Dundas Board of Trade and business men of that town held a meeting to discuss granting a bonus to the Toronto, Hamilton & Brantford Railway. The general opinion expressed was, that while Dundas is badly in need of better railway facilities, the speakers were not satisfied that the T., H. & B. would fill that long-felt want, and advocated a waiting policy. The by-law is referred to a joint committee of the council and merchants.

A VANCOUVER despatch states that the shipment of a schooner load of lumber by the Brunette mills to San Francisco has proved satisfactory, and a second schooner has been chartered. A Vancouver mill also contemplates opening a lumber yard in San Francisco and entering into competition with Puget Sound mills.

THE quarterly meeting of the Dominion Commercial Travellers' Mutual Benefit Society was held at the rooms of the society, Montreal, on the 3rd inst. The members whose names follow were chosen by acclamation officers and trustees for the ensuing term: Chas. Gurd, president; G. O. Stanton, vice-president; F. Birks, J. T. Dwyer, E. H. Copland, Max. Murdock, Robert White, T. Hughes, trustees.

THE manufacturing industries of Owen Sound appear to be prospering. The saw mill of Maitland & Rixon has all it can do. This firm has had a large contract for the new branch of the G.T.R., which is now finished and opened to Owen Sound. The connection, which is on the Wiarton branch at Bond Head, passes through a very pretty, picturesque part of the country. The new station is built close to Maitland & Rixon's wharf and warehouse, and not far from the centre of the town.

MONTREAL.**Mercantile Summary.**

ALREADY is Miss M. A. Porter, of Ottawa reported assigned, who only began business in the millinery line last May.—Peter Bougie, a grocer and butcher at Alexandria, has assigned to the sheriff of the district, having small liabilities.

THE new building for the branch of the Bank of Hamilton at Owen Sound is now occupied. It is on the corner of Poulette and Division streets, a central position. With plate glass frontage and modern fittings, it is quite business-like. Mr. Ewing Buchan, the manager, has an office comfortably fitted up.

AMONGST the many good buildings on Poulette street, Owen Sound, is the corner store of R. P. Butchart Bros., who are hardware merchants. We see that Mr. T. I. Thompson, in the same line of business, not to be behind his neighbors, is now enlarging and refitting his store, which will also have plate glass windows.

IN the course of a few days, says the *Waterloo, Que., Advertiser*, the South Eastern Railway will pass into the possession and control of the C.P.R. Ever since Bradley Barlow failed twelve years ago the road has been nominally operated by three trustees, but really by the C.P.R., which owned \$1,200,000 in first mortgage bonds.
