

" APPENDIX

It was generally agreed that it should be elaborated in an annex containing:

"I. Technical procedures for systematic and challenge on-site inspections

- Rights and functions of the inspectors
- Rights and functions of the host-State personnel
- General kinds of inspection procedures
- General kinds of equipment to be utilized in the inspections and who provides it.

For further consideration:

- Sources of inspection personnel.

"II. General framework for the activities to be carried out during the inspections to be performed, e.g.

- for the regular monitoring of the destruction of CW stockpiles
- for the regular monitoring of the single facility for small-scale production of super-toxic lethal chemicals
- in the course of fact-finding procedures."

---

Note: The elements listed above could be separated in two different annexes depending on the final decision to be taken with regard to the general structure of the Convention.
