

## PREFACE

Working Papers, the result of work in progress or the summary of a conference, are often intended for later publication by the Institute or another publisher, and are regarded by the Institute to be of immediate value for distribution in limited numbers -- mostly to specialists in the field.

The opinions contained in the papers are those of the participants and do not reflect the views of the Institute and its Board of Directors.

The Canadian Institute for International Peace and Security and the Institute of International Relations, Prague, co-hosted a conference in Prague 4 and 5 December 1991. This publication is a report of the conference by Michael Bryans, Senior Editor at CIIPS, and editor of *Peace&Security*, the Institute's quarterly magazine.
