

THE COLUMBIAN NATIONAL LIFE  
INSURANCE COMPANY  
BOSTON, MASS.

ARTHUR E. CHILDS  
PRESIDENT

January 13, 1922.

Sir Arthur W. Currie, Principal,  
McGill University,  
Montreal, Quebec.

My dear Sir Arthur:

Dr. Sawyer, the present President of the McGill Graduates' Society of New England, has written me that he is hoping to have you attend a mid-winter meeting of the Society in Boston early in February, and I am supplementing his invitation to the extent of adding my personal plea that you will come if you possibly can, as I am sure the men here would be delighted to see you and hear from you about the latest developments of the University.

I am leaving for California on Sunday, but I expect to be back in Boston on February sixth or seventh, and if the dinner is held after that date, I will personally have the pleasure and satisfaction of meeting you again. I am selfish enough to hope that the Society will arrange the dinner after the sixth of February so that I can be with you all.

With all good wishes, I am

Very cordially yours,

*Arthur E. Childs.*
