

MISS PANKHURST ESCAPES PURSUIT

Escapes From Police in Riot Following Meeting, and is Safe in Apartment.

LONDON, July 14.—(Can. Press).—Mrs. Emmeline Pankhurst, the leader of the suffragettes, made her escape from the police today under exciting circumstances. With Miss Annie Kennedy, one of the most ardent of the militants, she appeared this afternoon at a meeting of the Women's Social and Political Union.

Both women, who were suffering severely from the effects of their recent hunger strikes in prison, delivered stirring addresses. Mrs. Pankhurst announced she would rather die than submit to the government. "My challenge to the government is: Give me freedom or kill me," she said.

Miss Kennedy auctioned off two of her licenses under the "cat and mouse" act for \$30 each. The police undertook to arrest Mrs. Pankhurst and Miss Kennedy; Mrs. Pankhurst fled from the building, making her escape in a taxicab. She was pursued, but so wild were the scenes of disorder outside the pavilion that she got away in the confusion. Late tonight she was at her apartment in Westminster, and the police made no further attempt to place her under arrest.

The attempt to arrest Miss Kennedy precipitated a free fight, in which well-dressed men and women engaged in hand-to-hand fighting with the police. Umbrellas and sticks were freely used. The police succeeded in forcing Miss Kennedy into an automobile and drove her to Holloway Jail.

CROTHERS UNABLE TO SETTLE STRIKE

Situation of Miners on Vancouver Island Steadily Growing Worse.

VANCOUVER, July 14.—(Can. Press).—Hon. T. W. Crothers, Canada's minister of labor, has returned from Nanaimo, having been unsuccessful in assisting a settlement of the coal miners strike on Vancouver Island.

He intimated today that he could not officially interfere, as the only question at issue is the recognition of the United Mine Workers of America.

The situation on Vancouver Island, from the union standpoint is getting worse instead of better. At Courtenay the Canadian colliers have 75 per cent of normal force working of a payroll filled with non-union men. What to do with these workmen in case of a settlement with the union, is one of the difficulties in the way of any settlement.

HARVESTERS FROM BRITISH COLUMBIA

Manitoba Fears Shortage of Men to Handle Big Crop.

WINNIPEG, July 14.—(Can. Press).—British Columbia is being requested to send men east to help in the Manitoba harvesting operations this year, and a formal application to this effect has been made upon the British Columbia Government by the Manitoba department of agriculture and immigration.

There is a prospect of a shortage of farm hands at the present time, and hundreds of orders from farmers have been received within the last couple of weeks, which it is impossible for the department to fill. It is not believed that there are no idle men in the city, but because most capable of doing farm work are not to be had.

WILSON AVERTS RAILWAY DISPUTE

(Continued From Page 1.)

The details of the legislative situation that had arisen in the attempt to provide a substitute for the Erdman Act. The original board of arbitration provided under that act was independent of any government department, but one of its members—the commissioner of labor—had since been included under the department of labor, where his duties had been increased so that only a portion of his time could be given to labor disputes.

The bill introduced in the house of representatives by Representative Clayton, chairman of the judiciary committee, originally was identical with that introduced in the senate by Senator Newlands, but had been amended at the instance of Secretary Wilson, who wished the arbitration board to consist of nine members, who were to be under the jurisdiction of his department.

At today's conference, however, Secretary Wilson, while still expressing his preference for the amended Clayton bill, announced that he would insist on it, and an agreement was reached to put thru the Newlands bill, of which both parties to the controversy has approved, with two minor provisions of the Clayton bill incorporated. Before tomorrow night both houses probably will have passed a perfected bill to be sent to the president for his signature.

The perfected bill will create the United States board of mediation and conciliation, to be composed of a commissioner of mediation and conciliation, appointed by the president, by the consent of the senate, with a salary of \$7500 and a tenure of seven years, and not more than two other government members appointed by the president, with the consent of the senate, who shall be designated by him. There also would be an assistant commissioner, with a salary of \$5000, authorized to act in the commissioner's absence. For the settlement of controversies, as they might arise, the measure would provide for boards of arbitration of six, or three to be selected with the help of the board of mediation and conciliation wherever necessary. The latter board would have authority to select arbitrators among the disputing parties, and the board would be executed by the federal courts, with which appeals could be filed.

A Wider Scope. President Wilson declared that while the Erdman Act originally contemplated a controversy between a single railroad and its employees, the scope had been widened so as to deal with a series of railroads. He referred to the suggestions made as "just and reasonable" and may, no reason, he said, "why congress should not act upon them now to prevent a great inconvenience and perhaps a disastrous stoppage of the carrying business of the country."

The president said he would name the new commission as soon as possible. "We have until Wednesday night in which to effect an amicable settlement," said Mr. Garrison, after the meeting. "We are willing to avail ourselves of every means for a reasonable settlement. Should congress fail to act, then the entire subject will be referred to the committee for action."

POLICE AND RIOTERS FIGHT IN THE WARD

(Continued From Page 1.)

The street was a jam of people excited, angry and afraid all at the same time. After getting rid of the bricks and stones the hurlers fled towards their homes, thinking that if once they got inside the doors that they would be safe. The police were not to be fooled this way, however, for in a number of cases they followed the men into their homes and made arrests.

The street at this time was more alive than it has ever been before. From St. Patrick street up Kensington avenue for 200 yards pandemonium reigned. More than half of the throng were children and in the scuffling about many of them were trampled over in the roadway.

The First Arrest. Plainclothesman Ward made the first arrest when Samuel Goldstein threw a rock at Mr. Singer and was stooping to pick up another. Ward caught his prisoner around the back, but Popovsky and a band of followers came to their comrade's assistance and a merry battle ensued. Ward was dragged for yards up the street, but he clung to his man and a moment later Lilly and a number of constables came to his assistance and arrested three.

The entrance of the police into the affair rankled the residents on the street, who claim that in making the arrests the police acted brutally. The treatment by the police of Mr. Rose, a resident of Kensington avenue was the cause of much noise. Mrs. Israelson claims that she had nothing to do with the disorder, but that when she was running towards her home to get under cover, a constable arrested her and forced her arms behind her back.

Finished the Meeting. The real war was over inside of half an hour, but for another hour confusion filled the street and the police were kept busy breaking up the disputes. Mr. Singer went back to the dangerous corner to finish his meeting, so that in a certain sense he was triumphant. He did not remain on the corner very long, however, and after he left the Jews began a meeting of their own.

YORK COUNTY HORSES, BUGGIES, HARNESS, BURNED

LOCAL OPTIONISTS BUSY IN SCARBORO

Deputation Wanted Bylaw Submitted Without Regular Petition.

REQUEST WAS REFUSED

Council Decide to Limit Widening to Certain Roads.

Temperance advocates are again active in Scarborough Township. At the council meeting held at Woburn yesterday, a deputation appeared to ask that a local option bylaw be submitted without a petition being presented, as is usually done.

Robert M. Lovelace of Agincourt said that while they had not had a three-fifths majority when the bylaw was submitted last time, they had a sufficient majority to justify the council submitting an order bylaw on their own initiative at the request of a deputation. Others present who addressed the council were Rev. James Anthony of Knox Church, Rev. H. J. Farwell of St. Andrew's, Rev. W. D. Douglas of Washington and Rev. N. C. Campbell of Melville Church.

Reeve Cornell told the deputation that the council would go into the matter later on in the day and let them know the result. When the subject did come up, the general opinion seemed to be that the council would not be justified in submitting a bylaw without a petition being presented in the regular way, and some thought that the canvass necessary to get signatures to a petition would do the temperance cause more good than any irregular action on their part.

After some discussion regarding ways and means in the matter of the sale of school debentures, a bylaw was passed authorizing the hypothecation of the debentures to the Dominion Bank as security for a loan of the money required to carry on the work of building the three schools. The new buildings now being erected are in Scarborough Village, Agincourt and S.S. No. 12.

With regard to the proposed extension of Bloor street to the Kingston road, a motion was passed instructing the clerk, Mr. Crawford, to write to Mr. Gibson, the township surveyor, asking him to survey the road and make a rough estimate of the amount of grading involved.

A letter was read from F. A. Gaby of the Hydro-Electric Commission, acknowledging receipt of a certified copy of a resolution of the Toronto & Port Perry Hydro-Rail, and stating that their engineers would get in touch with the council as soon as possible to get the necessary information on which to base their estimates.

In view of the constantly increasing cost of statute labor, the council, on Reeve Cornell's suggestion, decided to establish a certain figure for expenditure on each division, and try and get the commissioners to keep within the estimate.

Too Many Sideroads. Reporting to the council regarding the conference with the city council re the wide roads required by the new Suburban Plans Act, the reeve said that he had pointed out to the city that Scarborough Township had so many sideroads that it would be an outrage to require them all to be 86 feet wide. In view of this it was arranged that the township council should name certain roads that they would like to have widened to 86 feet and endeavor to arrive at an understanding.

Councillor Liddle reported that he had been receiving a number of complaints regarding the condition of Kennedy road. He thought the present arrangement would not be very satisfactory unless there were some way in which they could compel the commission to look after the work.

On his motion the clerk was instructed to request the Good Roads Commission to keep the roads and bridges in the township in a proper state of repair. Councillor Stewart moved that the clerk be instructed to notify the trustees of S.S. No. 7 to remove fences from the roadway between lots 8 and 9, con. 1, and that the commissioner be instructed to open the road for traffic. The motion carried.

Consequent on the incorporation of Agincourt as a police village, an agreement is now being prepared between the township and the village regarding the taxes to be levied, and the method of collection, etc., while the matter was discussed. It will not be finally settled until a future meeting.

A report was received from County Clerk R. W. Phillips of the taxes to be levied this year in the township, as follows: General purpose account, \$6,569.84; Industrial Home, \$1,848.45; Court house debentures, \$2,881.50; Good roads debentures, \$2,458; Good roads maintenance, \$1,216.13. Total, \$10,255.94.

WANT LIGHT ON WIRELESS PLANS

But Postmaster Samuel Declines to Discuss Correspondence With Pelletier

LONDON, July 14.—(C.A.P.).—The desire of many members of the house of commons to have full enquiry into the merits of rival wireless systems, was shown again in the house yesterday, when numerous questions were put as to the Goldschmidt system.

Calling attention to the Canadian Government's agreement with the Foudin Company, George Touche asked Postmaster Samuel why he had not thought fit to disclose those negotiations to this house, and particularly any correspondence he had had with Hon. Mr. Pelletier on the matter.

Postmaster Samuel, replying, said: "The Hon. Mr. Pelletier informed me of the negotiations, but it would have been obviously improper for me to have communicated to the house negotiations which had no reference to this house, and which were still proceeding between the postmaster-general and a commercial syndicate. The Canadian agreement is of a wholly different character from the proposed one for an imperial wireless chain. The imperial stations are to be state-owned, and the Canadian Government does not propose to employ the Foudin Company to erect any station to be owned and worked by that government. The station is to be erected by the Foudin Company at their cost."

The obligations upon the Canadian Government are to grant the necessary licenses, to secure certain exemption from Canadian patent laws relating to the manufacture of apparatus outside of Canada, and to take measures to facilitate the transmission of the company's telegrams over land lines belonging to Canadian telegraph companies.

Touche: Will the right hon. gentleman consider that treating official correspondence as confidential goes a long way to impair the control of the house over matters of national importance, and will he lay the correspondence with Mr. Pelletier on the table, as in the case of the Goldschmidt correspondence? Samuel: No, sir; the correspondence has no relation to the proposal for an imperial wireless chain. It was never proposed to conduct a transatlantic service over the correspondence with the Hon. Mr. Pelletier consisted largely of criticism of certain proposals in his intended or contemplated agreement with the Foudin syndicate. I certainly could not publish any correspondence without the consent of Mr. Pelletier.

GOOD INCREASE IN ACREAGE OF CROPS

While Condition is Shown in Official Report to Be Excellent.

OTTAWA, July 14.—(Can. Press).—Reports received from correspondents at the end of June enable the census and statistics office to issue finally revised estimates of the areas sown to spring crops this year and also estimates of the areas devoted to the later sown cereals and hood crops. With regard to wheat the reports are entirely confirmatory of those issued a month ago, and the area under wheat in Canada is therefore finally placed at 9,816,300 acres or 57,590 acres more than in 1912.

With regard to wheat the reports are entirely confirmatory of those issued a month ago, and the area under wheat in Canada is therefore finally placed at 9,816,300 acres or 57,590 acres more than in 1912.

Favorable Average Maintained. During June the crops throughout Canada maintained generally a favorable average of a month ago. On June 30 the condition, expressed in percentage of the normal standard, was taken as representing the promise of a full crop, was as follows: Fall wheat, 81.48; spring wheat, 87.71; barley, 88.39; rye, 85.95; peas, 87.48; mixed grains, 87.12; hay and clover, 81.52; alfalfa, 77.52; pasture, 82.31. By provinces the condition is as follows: Ontario, 81.48; Quebec, 87.71; Saskatchewan and Alberta the outlook is particularly promising. As the condition was above 80 in all cases except in fall wheat, the condition of which in Alberta is 75.77.

Accidents

Charles Peers of 385 Sackville street, a driver employed by Henry Shaw, was run down by an automobile at Yonge and Huron streets at 6 o'clock last night and had to be taken to St. Michael's Hospital. He has a crushed foot.

Jack Swartz of 9 Casimir street, a newsboy, broke his left collarbone at 6 o'clock last night, when he jumped The News' motor delivery truck as it was flying up Yonge street past Wilton avenue. Jake tried to jump off the car with 50 newspapers under his arm, when he met with his ill-luck.

Fondness for his bath on the part of Alfred Baker, the two-year-old son of Mr. and Mrs. Baker of 440 West King street may result in the child's death. Yesterday when his mother was getting a tub of water ready to give him a bath the little boy climbed into the tub too soon and received scalds which will likely prove fatal.

Mrs. Baker had just put some boiling water in the tub and had gone for some cold water to cool it, when the little boy jumped in. He fell over when his feet touched the water and was scalded half way up his back. He is now in the Sick Children's Hospital.

TO FORCE TERMS ON BATTLEFIELD

Servia and Greece Ignore Russia's Proposal That Hostilities Be Brought to End.

LONDON, July 14.—(Can. Press).—That the Balkan struggle will end by a process of mutual exhaustion seems the only hope that Sir Edward Grey, the British foreign secretary, is able to hold out. In a statement in the house of commons tonight, he said that mere words were not likely to affect the situation, and it would be most difficult for the European powers to resort to force to impose peace.

Neither Servia nor Greece has paid any attention to Russia's proposal that they cease hostilities. They appear determined to negotiate peace with Bulgaria only on the terms without intervention by any third party, and unless Bulgaria proves amenable it is believed that an advance will be made upon Sofia to enforce acceptance of the Servo-Greek terms.

Serious fighting for the time being is suspended, but the advance of the Turkish and Rumanian troops continues without opposition. Secret Treaty Signed. A Belgrade report says the Servians on Sunday captured an important position eight miles west of Kustendil. According to the Athens correspondent of The Daily Telegraph, Greece and Servia signed a secret treaty last May, binding them to prosecute a war, which was then foreseen, with Bulgaria until the Bulgars acquiesced in the territorial arrangements laid down in the treaty. By these arrangements the eastern boundaries of Greece would be extended to the Meza River, considerably to the east of Drama, and Servia would have access to the Aegean Sea at two points.

How Major Cockburn Died

MAPLE CREEK, Sask., July 14.—(Can. Press).—Major Churchill Cockburn, V.C., who was killed Saturday on his farm at Graeburn, Alberta, 20 miles southwest of here, was kicked in the stomach by a horse. It appears that he and his man were halting a horse, and had an extra vicious one they were trying to get into the chute. His man went to the barn to get a rope, telling the major not to go near the horse.

At this instant the hired man's prod rode up and the two went to the barn. The major must have disregarded the man's instructions and went up behind the horse, which kicked him with both hind feet, killing him instantly.
